## BELIEVED BIG THREE HAVE BEEN ABLE TO HARMONIZE VIEWS

Official Communique Issued After Conference Between Hughes, Balfour and Kato—Basis Exists for Optimism—Japanese Officials Without Plenipotentiary Powers

WASHINGTON, Dec. 2.—A new stage in the negotiations over the question of naval ratio, described as "very favorable" is understood to have been reached by tonight's conference between the representatives of the United States, Great Britain and Japan.

After the conference between Secretary Hughes, Admiral Baron Kato and Arthur J. Balfour was concluded, the Japanese delegation immediately began communicating with Tokyo.

This official communique was issued: "Arthur J. Balfour, Admiral Baron Kato and Secretary Hughes met at the state department this afternoon and had an extended interview with respect to the naval proposals. No comment on the interview can be made at this time."

## JAPS AND CHINESE DELEGATES GO TO HEART OF DISPUTE

Each Reasserts Stand on the Question of Shantung

WASHINGTON, Dec. 2.—Delegates of China and Japan in their conversations brought about the settlement of the Shantung controversy between the two went to the very heart of the dispute today, each nation reasserting positions taken in the four recent notes exchanged between Tokyo and Peking with particular reference to the Tsing-Tao-Tsinan Fu railroad.

The Chinese delegates made clear that in entering to this informal conference for the settlement of the Shantung dispute they had "no desire to have it infer to a known attitude with reference to the treaties and statutes which are a dispute between the two countries relative to the Kiau Chow lease hold."

The Japanese delegates presented the Japanese position concerning control of the Tsing Tau-Tsinan Fu railroad on the basis of the Japanese note.

Friendly Spirit Prevailed The delegates participating in the meeting today made known that the conversations were conducted in a frank and friendly spirit. Conversations will be resumed Monday afternoon, when the discussion on control of the railroads will be continued.

Informal "round-table discussions" which followed presentation of the positions of the respective countries relative to the disputed Kiau-Chow leased territory, centered immediately upon the question of control of the railroad. Both delegations concurred at the outset that no settlement could be reached until this question was disposed of.

Mr. Wellington Koo, for China, reasserted the position that the railroad should be owned and administered by the Chinese government as set forth in China's reply of October 5 to Japan's offer of September 7, to restore the Kiau-Chow leasehold conditionally.

The Japanese advanced their proposition that the railroad should be operated as a joint China-Japanese enterprise believing this to embody conciliation, since Germany, whose rights Japan contends she has inherited, had controlled the line entirely.

MISSING SCHOONER OFF GRAYS HARBOR Marshallfield, Ore., Dec. 2.—The wireless station here reported today that the missing schooner, Eccla, was spoken to thirty miles off Grays Harbor.

The schooner reported the Tuz Sea Eagle of San Francisco foundered in the storm which swept the coast last week. No particulars were given as to the fate of the Sea Eagle's crew of nine.

The Sea Eagle had the Eccla in tow for Coos Bay when overtaken by the storm.

## MANUFACTURERS OF LUMBER ASK DEEP WATERWAY

Would Give Better Lumber Rates From the South

(By The Associated Press) CHICAGO, Dec. 2.—Directors of the national lumber manufacturers' association, representing the combined membership of twelve regional organizations, today adopted a resolution urging Governor Small, of Illinois, to immediately complete the waterways links between Lockport and Utica in order that southern lumber may reach Chicago and lake ports by all water routes, at a great saving in freight costs.

The cost of transporting lumber by rail exceeds the cost of manufacturing the material, the directors said.

The resolution follows: "Whereas, the Mississippi and Illinois rivers are the great middle-west water highways these highways for water transportation are useless unless commodities can be forwarded to all markets in the middle-west territory, by water.

"The greatest commercial center, Chicago, is cut off from the rivers named because of the incomplete portion of the lakes-to-the-gulf waterway between Utica and Lockport, Ill. Three locks are also necessary to be constructed to complete the waterway and Chicago is reached through the sanitary canal. Unless work is started at once, it will be several years before the commercial interests will realize the benefits thereof.

"Whereas, southern lumber, with other raw materials, is not denied access to portions of the Mississippi and Ohio valleys from New Orleans to Chicago, Pittsburgh and intermediate territory, excepting through railroad transportation which adds to the original values because of the present high transportation rates.

"Whereas, there is at this time urgent need for the completion of the Illinois waterway and its need is daily being made more apparent.

"Low-grade lumber, such as that used for boxes, crating, etc., cannot be placed or used in the markets named, nor reach these markets because carried on the present high freight rates which lumber must pay, but could be used if water transportation could be had.

"Whereas, the movement of lumber by water to this district and its economies will go far toward paying annually the full cost of this canal.

"Labor is very much in need of employment, and considering the present cost of living, could be employed at pre-war wages, while necessary in the construction work on the waterway is at present on a power basis hence, the present is the opportune time to obtain the benefits of the low prices as well as providing work for a large number of unemployed men.

"Therefore, be it resolved, that this association respectfully urge Honorable Len Small, governor of the state of Illinois, to proceed with this work immediately, starting such legal action necessary that contracts for the completion of the three remaining locks and the digging of the canal between Utica and Lockport, may be advertised for letting. That the middle-west, and southern lumber and other raw material and products, will receive the benefit of water transportation to the great markets of the above territory."

John Henry Kirby, of Houston, Texas, president of the association, and George Long of Tacoma, Wash., chairman of the forestry committee, have been directed to attend the hearing at Washington on Jan. 9 of the house committee on forest policy for the united states and co-operate in forming a permanent forest policy.

(By The Associated Press)

OTTUMWA, Iowa, Dec. 2.—A. E. Mulhe of Ottumwa, special agent for the Burlington railroad shot and killed "Boots" Emil, 35, near the road's station at Charlton, last night following an alleged attack on the agent by Emil and Ralph Robinson, his companion.

Mulhe arrested Robinson and walked to the Lucas county jail, where he gave him up.

SPRINGFIELD, Ill., Dec. 2.—One of the three remaining vacancies in the Illinois Industrial Commission were filled today by Governor Small's appointment of Christian H. Kunnemann, of Nanticoke, in Madison county, to succeed L. P. Lamaghi, Collinsville, also an appointee of Governor Small, who has resigned. Mr. Kunnemann will represent employers on the commission.

GALESBURG, Ill., Dec. 2.—A jumbo thief snatched a locked sack of ordinary mail from a truck on the platform of the Santa Fe depot here at 2 o'clock this morning and escaped in the darkness. The pouch had been left unguarded on the truck awaiting transfer from Santa Fe Train No. 5 to Train No. 10.

PEORIA, Ill., Dec. 2.—Five armed and masked bandits held up twenty men in a poker game at North Chillicothe, at 2 o'clock this morning and escaped with \$1,500 in money, diamonds and jewelry. The robbers smashed the ignition on motor cars standing outside of a hotel in North Chillicothe, where the game was in progress in order to prevent pursuit, according to the police here. The raiders are thought to be Peorians who were familiar with the time when Santa Fe employees at Chillicothe are paid off.

JOLIET, Ill., Dec. 2.—The death list resulting from the falling of a carpenter's scaffold at the new penitentiary near here yesterday, mounted to four this morning, when Nels Johnson, 52, father of 10 children, died at St. Joseph's hospital. One man, Charles M. Nelson was killed instantly, and Mauritz and Eric Lindstrom, brothers died at the hospital shortly after the accident yesterday. An inquest was held today.

CHICAGO, Dec. 2.—An invitation from Japan to Alois Stagg, director of athletics at the University of Chicago, inviting him to bring a track team to Japan next year to meet a team of the best Japanese performers, is being considered by him, he said today. The invitation has stirred the university athletes to extra efforts in training.

GALESBURG, Ill., Dec. 2.—Paul Mayo, said to have been the ring leader of a group of eight prisoners, who escaped from the Knox county jail the evening of October 15, has been captured at Carlinville, Ill., according to word from Chief of Police Dunn of that place. Local officers have left to bring him here where he will be tried on a charge of burglary.

STERLING, Ill., Dec. 2.—For the first time in the history of Whiteside county court a "spirited" entered into the prosecution of criminal charges, for it developed at preliminary hearing in justice court here yesterday, that the charges of robbery, attempted arson, conspiracy to kidnap and conspiracy to dynamite a residence, on which Allen and Edward Pierce and Herb Norris were prompted by the so-called revelations of a medium to Abe Weiber, complainant.

## FIVE PERMANENT TRUSTEES NAMED

(By The Associated Press)

NEW YORK, Dec. 2.—Franklin D. Roosevelt and Cleveland H. Dodge, New York; E. A. Alderman, president of the University of Virginia; William Allen White, Kansas, and Mrs. Carrie Chapman Catt, Iowa, were recommended as five of the fifteen permanent trustees of the Woodrow Wilson Foundation at a meeting of its national committee today. The executive committee was authorized to name the other ten.

The plan of organization provided that members of the board of trustees will take over the \$1,000,000 endowment fund to be raised by the executive committee shall be unlimited in their term of office. The money is to be invested in United States government securities or with trustees' approval in trust fund securities and the annual income is to be disbursed on the jury of awards consisting of 25 persons. The awards will be made for meritorious service to democracy, public welfare, liberal thought or peace through justice.

## NUT ON SOLDIERS AND SAILORS BUT OFF OF MARINES

Girl Marries Fifteen Men in Period of Four Years

(By The Associated Press) CHICAGO, Dec. 2.—Helen Ferguson Drexler of Waukegan, Ill., daughter of a Brooklyn, N. Y., family who admits she is a "nut on soldiers and sailors, but not on marines," is in a cell at the county jail trying to recall the names of seven of her fifteen husbands.

Equipped with one baby and a penchant for hero husbands, the government alleges Mrs. Drexler has collected as high as \$400 a month in soldiers' allotment checks from the government for the past three years. The baby was listed as the child of each successive husband and drew an allotment too.

In 1917, she says, she married Paul Moller, a soldier, then Thomas Moehlan, a sailor; and next Albert Drexler a soldier at Camp Grant. Although she has been married at least eleven husbands since him, she estimates. She never obtained a divorce from any of them she says.

## ROCKEFELLER IS OPTIMISTIC ON THE FUTURE OF CHINA

Says That Country is Very Rich in Oil and Ore

(By The Associated Press)

CHICAGO, Dec. 2.—John D. Rockefeller Jr., enroute home from China, spent today in Chicago as the guest of his sister, Mrs. Harold McCormick and other friends. He was accompanied by Mrs. Rockefeller and their daughter. I am very optimistic about the future of China, in spite of the stories one hears about her political dissensions," Mr. Rockefeller said. "No country in the world has richer resources, especially in oil and ore. In time the development of minerals alone is bound to place her among the wealthy nations of the world. The patience and industry of her people are remarkable."

Mrs. Rockefeller was particularly enthused over the low price of Chinese art works and clothing. The purchased a number of coats and boasted they cost only \$12.50 each. Mr. Rockefeller brought back a collection of Chinese paintings and ivory objects.

## CROWE CONTINUES GAMBLING RAID

(By The Associated Press)

CHICAGO, Dec. 2.—Robert E. Crowe, state's attorney, today resumed the raiding of alleged gambling houses by policemen. Mr. Crowe has been making raids with the assistance of deputy sheriffs, up until today as a result of the controversy between Chief of Police Fitzmorris and himself.

Mr. Crowe stopped using policemen in raids when Fitzmorris issued an order stating that policemen who failed to secure convictions in thirty days would have charges placed against them. If Chief Fitzmorris recalls the policemen assigned to Mr. Crowe's office as a result of the raids, it is reported that Mr. Crowe will take matter before the city council.

## CHAMPAIGN MAN ROBBED ON HIGHWAY

(By The Associated Press)

PARIS, Ill., Dec. 2.—W. H. Taggart, wealthy real estate man of Champaign, Ill., with a companion named Walker of Mattoon, Ill., were held up early today between Jacksonville and Clinton, Taggart being robbed of diamonds valued at \$500 and cash amounting to \$100 and his watch after he was severely beaten. Taggart and his companion were on their way to post the diamonds as bonds for two friends held at Champaign on charges of illegally transporting liquor.

## MURDER VERDICT IS RETURNED SECOND TIME

(By The Associated Press)

PEORIA, Ill., Dec. 2.—Henry Henderson and Otis Dickerson tonight were found guilty by a jury for the second time of the murder of Taylor Berry February. Henderson was sentenced to 35 years in prison and Dickerson twenty years. Berry was murdered and robbed by the two men, it was charged although counsel for the defense argued Henderson killed the man in self-defense in a fight over gambling.

## MORSE WILL FIGHT EXTRADITION IF HE IS ARRESTED

Will Return if Allowed to Come of Own Free Will

(By The Associated Press) HAVRE, Dec. 2.—Charles W. Morse, American ship builder and financier arrived at Havre today from New York on the Steamer Paris, but was detained for a time aboard the vessel by request of the American consulate. Mr. Morse who had heard that his presence was desired in the United States in connection with the investigation of ship building contracts during the war made it clear that if arrested he would fight extradition, but if allowed to return of his own free will, he was ready to start back at once.

Permission for the American shipbuilder to leave the steamer came after a conference which the police officials had with American Consul General Ingram.

Mr. Morse went into a hotel where it is understood he will remain until the Steamer Paris sails for New York.

"They are trying to convert a civil case into a criminal charge," Mr. Morse told The Associated Press correspondent while he was having lunch on the steamer. "This so called investigation has been going on in Washington since July. I have been in Washington twice since that time but this case must come out of a clear sky by wireless while I am fifteen hundred miles away from home."

"There is no mystery about my trip to Europe. I have come here to consult Professor Machiavelli, of Rome, formerly physician to the Pope. An x-ray taken a few months ago of which is available at the naval observatory at Washington showed that my left kidney is full of stones. An operation was decided upon to remove the organ but I declined to consult Professor Machiavelli before permitting the doctors to cut me up."

"I intended going to Wiesbaden, but I am ready to return to America immediately to fight this case even should my life depend on it."

Displaying a copy of a wireless message which he sent to Washington, this morning, the financier declared: "I fail to see why Charles W. Morse is more closely interested in the affairs of the Virginia Shipbuilding company than its president, directors and advisors. The shipping board has received its ships back from us, now it wants its money besides."

The case involved about twenty million dollars, Mr. Morse said, which should be settled thru the civil courts. He has retained an American lawyer in Paris to defend his interests.

Daugherty Says "Take First Boat." Washington, Dec. 2.—Attorney General Daugherty tonight cabled to Charles W. Morse of New York now at Havre, France, to take the first boat back to the United States.

"Desire your return immediately," the cablegram read. "Take first boat."

Mr. Daugherty's cable was sent in reply to one from Mr. Morse which said:

"Come here to consult my physician regarding operation. Written. Be glad to return when your desire."

FORMER BOXING INSTRUCTOR IN BAD CHICAGO, Dec. 2.—"Denny" Goodman, former boxing instructor at Great Lakes Naval Training Station, was held to the bonds of \$1,000 charged with violation of the prohibition law. Goodman purchased a saloon in Chicago after the war.

## NO VERDICT HAS BEEN REACHED BY THE JURY IN ARBUCKLE TRIAL

Case Went to Jury at 4:15 o'Clock Friday Afternoon—At 11 o'Clock Friday Night Jury Told the Bailiff They Could Not Reach Verdict and Were Locked Up for Night

(By The Associated Press) SAN FRANCISCO, Calif., Dec. 2.—The jury trying Roscoe C. Arbuckle on a charge of manslaughter failed to agree on a verdict after four hours and fifteen minutes of deliberation today and was locked up for the night at 11 p. m., with the announcement that it would continue its deliberations at 10 a. m., tomorrow.

The failure of the jury to reach its verdict tonight did not appear to ease the visible apprehension that the defendant Arbuckle held thruout the night. On the few occasions that the bailiff was called into the jury room his hands trembled as tho he expected some tremendous decision. His counsel, however, appeared to be without apprehension, while the district attorney and his assistants were also hopeful of a verdict in their favor.

The crowds remained in the court room and its immediate vicinity as the hours wore away. Court room and corridor speculation agreed on the opinion that there would be no verdict tonight.

Defense counsel remained in the court room chatting with court officers and spectators but the district attorney and his assistants went to their offices on the floor above.

The bailiff entered the jury room at 11 p. m., and then came back and reported the jury would be locked up for the night.

The jury took a ballot a few minutes before being locked up, but it failed of a decision. Speculation that it stood eleven to one for acquittal could not be confirmed. Hundreds waited inside the court room thruout the period of deliberation and there were many expressions of disappointment that a verdict had not been reached tonight. After announcing to the bailiff that it could not reach a decision tonight the jury was taken back to its hotel. There was no indication how many ballots were taken tonight.

San Francisco, Calif., Dec. 2.—The manslaughter case of Roscoe C. Arbuckle went to the jury at 4:15 p. m.

At 9:15 p. m., the jury had been out of the court room five hours and their verdict to all outward appearances was as distant as ever. Actually the jury had been deliberating only half the time, however as it took a recess of two and a half hours for dinner. The bailiffs were summoned to the jury room twice. Once was to receive a request that the jurors be taken to dinner and the other time the jury asked that the doors of the room in the Hotel St. Francis where Arbuckle is alleged to have injured Virginia Rappe be brought them for examination. They changed their minds, however, before the request could be met. Each request caused a wave of excitement.

Expert testimony regarding the finger prints of these doors was the basis of a contention by the prosecution that Arbuckle had a struggle with the girl in the room.

Hundreds crowded the court room and adjoining corridors after the dinner period and the door leading into the jury room was barricaded on the outside by a table and several chairs to keep the crowd away from it.

Arbuckle was visibly nervous and paced in and out the court room in a restless fashion. He had little to say.

Arbuckle is accused of having fatally injured Miss Virginia Rappe, a motion picture actress, during a party in his rooms in the Hotel St. Francis, Sept. 5.

The case has occupied the court for approximately three weeks. Today's entire session was taken up with final arguments, instructions to the jury and jury deliberations. Gavin McNab, chief defense counsel opened the session today with a continuation of his closing argument. He was followed by Milton U'Ren, assistant district attorney, whose summing up lasted nearly an hour.

The court room was crowded thruout the day and the adjoining corridors also held an anxious, crowding crowd that taxed the ability and good nature of the augmented police guards.

Arbuckle appeared to show deep interest in the arguments, especially that of McNab who characterized him as a great artist who has sweetened the lives of millions of little children. McNab attacked what he termed the "imprisonment" of two prosecution witnesses, Miss Zhe Prevost and Miss Alice Blake.

## EMPLOYEES WHO GO ON STRIKE WILL LOSE JOBS

This is Statement Issued by Armour Officials

(By The Associated Press)

CHICAGO, Dec. 2.—All employees of Armour & Co., who go on strike next Monday in accordance with the order of the Amalgamated Meat Cutters & Butcher Workmen of North America will lose their jobs and place themselves beyond the protection of the plant conference board and divisional committees. This statement was made today in resolutions adopted by the Chicago plant conference board and divisional committee of the Armour plant. Similar resolutions were adopted by Armour plant conferences in other cities, it was stated.

The plant conference board and divisional committee is composed of an equal number of representatives of the workmen and the packers and is the organization recently adopted by the packing plants to handle all matters affecting the employees.

Officials of Armour & Co., today also denied charges of the unions that the plant conferences were composed of foreman, superintendents and other officials who were compelled to follow the wishes of the packers. On the contrary the officials asserted most of the representatives of the workmen were union. Of the 26,000 Armour employees all but 400 are participating in the plant conferences, it was asserted.

Conflicting Reports Conflicting reports from the unions and packers in various parts of the country today showed a wide divergence of opinion regarding the effectiveness of the coming strike. Union officials asserted that between 90 and 95 per cent of their men would walk out Monday and continued plans to make the strike effective.

Representatives of the packers were inclined not to take the strike seriously asserting that the plants would continue to operate while some even expressed doubt that the strike would occur.

Kansas today took measures to prevent the strike when the state's attorney general filed a complaint in the Kansas court of industrial relations against both unions and packers in the state, asking that action be taken to prevent the proposed strike.

Years

(By The Associated Press)  
CHICAGO, Dec. 2.—Helen Ferguson Drexler of Waukegan, Ill., daughter of a Brooklyn, N. Y., family who admits she is a "nut on soldiers and sailors, but don't like marines," is in a cell at the county jail trying to recall the names of seven of her fifteen husbands.

Equipped with one baby and a penchant for hero husbands, the government alleges Mrs. Drexler has collected as high as \$400 a month in soldiers' allotment checks from the government for the past three years. The baby was listed as the child of each successive husband and drew an allotment too.

In 1917, she says, she married Thomas Moller, a soldier, then Paul Moehan, a sailor; and next Albert Drexler, a soldier at Camp Grant. Also she has retained Drexler's name there have been at least eleven husbands since him, she estimates. She never obtained a divorce from any of them she says.

## ROCKEFELLER IS OPTIMISTIC ON THE FUTURE OF CHINA

Says That Country is Very  
Rich in Oil and  
Ore

(By The Associated Press)  
CHICAGO, Dec. 2.—John D. Rockefeller Jr., enroute home from China, spent today in Chicago as the guest of his sister, Mrs. Harold McCormick and other friends. He was accompanied by Mrs. Rockefeller and their daughter. "I am very optimistic about the future of China, in spite of the stories one hears about her political dissensions," Mr. Rockefeller said. "No country in the world has richer resources, especially in oil and ore. In time the development of minerals alone is bound to place her among the wealthy nations of the world. The patience and industry of her people are remarkable."

Mrs. Rockefeller was particularly enthused over the low price of Chinese art works and clothing. She purchased a number of objects and boasted they cost only \$13.50 each. Mr. Rockefeller brought back a collection of Chinese paintings and ivory objects.

## CROWE CONTINUES GAMBLING RAIDS

(By The Associated Press)  
CHICAGO, Dec. 2.—Robert E. Crowe, state's attorney, today resumed the raiding of alleged gambling houses by policemen. Mr. Crowe has been making raids with the assistance of deputy sheriffs, up until today as a result of the controversy between Chief of Police Fitzmorris and himself. Mr. Crowe stopped using policemen in raids when Fitzmorris issued an order stating that policemen who failed to secure convictions in thirty days would have charges placed against them. If Chief Fitzmorris recalls the policemen assigned to Mr. Crowe's office as a result of the raids, it is reported that Mr. Crowe will take matter before the city council.

## CHAMPAIGN MAN ROBBED ON HIGHWAY

(By The Associated Press)  
PARIS, Ill., Dec. 2.—W. H. Taggart, wealthy real estate man of Champaign, Ill., with a companion named Walker of Mattoon, Ill., were held up early today near Jacksonville and Clinton, Taggart being robbed of diamonds valued at \$500 and cash amounting to \$100 and his watch after he was severely beaten. Taggart and his companion were on their way to post the diamonds as bonds for two friends held at Champaign on charges of illegally transporting liquor.

## MURDER VERDICT IS RETURNED SECOND TIME

(By The Associated Press)  
PEORIA, Ill., Dec. 2.—Henry Henderson and Otis Dickerson tonight were found guilty by a jury for the second time of the murder of Taylor Berry February, Henderson was sentenced to 35 years in prison and Dickerson twenty years. Berry was murdered and robbed by the two men. It was charged that the counsel for the defense argued Henderson killed the man in self-defense in a fight over gambling.

## MORSE WILL FIGHT EXTRADITION IF HE IS ARRESTED

Will Return if Allowed to Come of  
Own Free Will

(By The Associated Press)  
HAVRE, Dec. 2.—Charles W. Morse, American ship builder and financier arrived at Havre today from New York on the Steamer Paris, but was detained for a time aboard the vessel by request of the American consulate. Mr. Morse who had heard that his presence was desired in the United States in connection with the investigation of ship building contracts during the war made it clear that if arrested he would fight extradition, but if allowed to return of his own free will, he was ready to start back at once.

Permission for the American shipbuilder to leave the steamer came after a conference which the police officials had with American Consul General Ingram.

Mr. Morse went into a hotel where it is understood he will remain until the Steamer Paris sails for New York.

"They are trying to convert a civil case into a criminal charge," Mr. Morse told The Associated Press correspondent while he was having lunch on the steamer. "This so called investigation has been going on in Washington since July. I have been in Washington twice since that time but this case must come out of a clear sky by wireless while I am fifteen hundred miles away from home."

"There is no mystery about my trip to Europe. I have come here to consult Professor Machiavelli, of Rome, formerly physician to the Pope. An x-ray taken a few months ago proof of which is available at the naval observatory at Washington showed that my left kidney is full of stones. An operation was decided upon to remove the organ but I declined to consult Professor Machiavelli before permitting the doctors to cut me up."

"I intended going to Wiesbaden, but I am ready to return to America immediately to fight this case even should my life depend on it."

Displaying a copy of a wireless message which he sent to Washington, this morning, the financier declared:

"I fail to see why Charles W. Morse is more closely interested in the affairs of the Virginia Shipbuilding company than its president, directors and advisors. The shipping board has received its ships back from us, now it wants its money besides."

The case involved about twenty million dollars, Mr. Morse said, which should be settled thru the civil courts. He has retained an American lawyer in Paris to defend his interests.

Daughterly Says "Take First Boat."  
Washington, Dec. 2.—Attorney General Daugherty tonight cabled to Charles W. Morse of New York, now at Havre, France, to take the first boat back to the United States.

"Desire your return immediately," the cablegram read, "take first boat."

Mr. Daugherty's cable was sent in reply to one from Mr. Morse which said:

"Come here to consult my physician regarding operation. Written. Be glad to return when your desire."

## FORMER BOXING INSTRUCTOR IN BAD

Chicago, Dec. 2.—"Daunty" Goodman, former boxing instructor at Great Lakes Naval Training Station, was held to the federal grand jury today under bonds of \$1,000 charged with violation of the prohibition law. Goodman purchased a saloon in Chicago after the war.

## NO VERDICT HAS BEEN REACHED BY THE JURY IN ARBUCKLE TRIAL

Case Went to Jury at 4:15 o'Clock Friday  
Afternoon—At 11 o'Clock Friday Night  
Jury Told the Bailiff They Could Not Reach  
Verdict and Were Locked Up for Night

(By The Associated Press)  
SAN FRANCISCO, Calif., Dec. 2.—The jury trying Roscoe C. Arbuckle on a charge of manslaughter failed to agree on a verdict after four hours and fifteen minutes of deliberation today and was locked up for the night at 11 p. m., with the announcement that it would continue its deliberations at 10 a. m., tomorrow.

The failure of the jury to reach its verdict tonight did not appear to ease the visible apprehension that the defendant Arbuckle held through the night. On the few occasions that the bailiff was called into the jury room his hands trembled as tho he expected some tremendous decision. His counsel, however, appeared to be without apprehension, while the district attorney and his assistants were also hopeful of a verdict in their favor.

The crowds remained in the court room and its immediate vicinity as the hours wore away. Court room and corridor speculation agreed on the opinion that there would be no verdict tonight.

Defense counsel remained in the court room chatting with court officers and spectators, but the district attorney and his assistants went to their offices on the floor above.

The bailiff entered the jury room at 11 p. m., and then came back and reported the jury would be locked up for the night.

The jury took a ballot a few minutes before being locked up, but it failed of a decision. Speculation that it stood eleven to one for acquittal could not be confirmed. Hundreds waited inside the court room thruout the period of deliberation and there were many expressions of disappointment that a verdict had not been reached tonight. After announcing to the bailiff that it could not reach a decision tonight the jury was taken back to its hotel. There was no indication how many ballots were taken tonight.

San Francisco, Calif., Dec. 2.—The manslaughter case of Roscoe C. Arbuckle went to the jury at 4:15 p. m.

At 9:15 p. m., the jury had been out of the court room five hours and their verdict to all outward appearances was as distant as ever. Actually the jury had been deliberating only half the time, however as it took a recess of two and a half hours for dinner. The ballots were summoned to the jury room twice. Once was to receive a request that the jurors be taken to dinner and the other time the jury asked that the doors of the room in the Hotel St. Francis where Arbuckle is alleged to have injured Virginia Rappe be brought them for examination. They changed their minds, however, before the request could be met. Each request caused a wave of excitement.

Expert testimony regarding the finger prints of these doors was the basis of a contention by the prosecution that Arbuckle had a struggle with the girl in the room.

Hundreds crowded the court room and adjoining corridors after the dinner period and the door leading into the jury room was barricaded on the outside by a table and several chairs to keep the crowd away from it.

Arbuckle was visibly nervous and paced in and out the court room in a restless fashion. He had little to say.

Arbuckle is accused of having fatally injured Miss Virginia Rappe, a motion picture actress, during a party in his rooms in the Hotel St. Francis, Sept. 5.

The case has occupied the court for approximately three weeks. Today's entire session was taken up with final arguments, instructions to the jury and jury deliberations. Gavin McNab, chief defense counsel opened the session today with a continuation of his closing argument. He was followed by Attorney U'Ren, assistant district attorney, whose summing up lasted nearly an hour.

The court room was crowded thruout the day and the adjoining corridors also held an anxious crushing crowd that taxed the ability and good nature of the augmented police guards.

Arbuckle appeared to show deep interest in the arguments, especially that of McNab, who characterized him as a great artist who has sweetened the lives of millions of little children. McNab attacked what he termed the "imprisonment" of two days prosecution witnesses, Miss Zela Prevost and Miss Alice Blake.

## EMPLOYES WHO GO ON STRIKE WILL LOSE JOBS

This is Statement Issued by Armour  
Officials

(By The Associated Press)  
CHICAGO, Dec. 2.—All employees of Armour & Co., who go on strike next Monday in accordance with the order of the Amalgamated Meat Cutters & Butcher Workmen of North America will lose their jobs and place themselves beyond the protection of the plant conference board and divisional committees. This statement was made today in resolutions adopted by the Chicago plant conference board and divisional committee of the Armour plant. Similar resolutions were adopted by Armour plant conferences in other cities, it was stated.

The plant conference board and divisional committee is composed of an equal number of representatives of the packers and the packers and is the organization recently adopted by the packing plants to handle all matters affecting the employees.

Officials of Armour & Co., today also denied charges of the unions that the plant conferences were composed of foreman, superintendents and other officials who were compelled to follow the wishes of the packers. On the contrary the officials asserted most of the representatives of the workmen were union. Of the 26,000 Armour employees all but 400 are participating in the plant conferences, it was asserted.

Conflicting reports from the unions and packers in various parts of the country today showed a wide divergence of opinion regarding the effectiveness of the coming strike. Union officials asserted that between 90 and 95 per cent of their men would walk out Monday and continued plans to make the strike effective.

Representatives of the packers were inclined not to take the strike seriously asserting that the plants would continue to operate while some even expressed doubt that the strike would occur.

Kansas today took measures to prevent the strike when the state's attorney general filed a complaint in the Kansas court of industrial relations against both unions and packers in the state, asking that action be taken to prevent the proposed strike.

Now it looks a little as if the situation over the general average of lower wages by Jacksonville employees was preliminary. The packers declare that not only difficulty is anticipated in operation of their plants and they are accustomed to handling such situations.

There is a general understanding that the acute need exists for some betterment of the sewerage system, but there is not a general understanding of just what plan shall be followed or the probable cost.

The committee has already made it plain that it does not favor tackling the whole big problem at one time. Instead, the committee proposes that the brook sewer shall be constructed and that other development shall be taken care of in later years. Even before projecting the brook sewer the advice of experts in sewer construction, sanitary and health projects will be secured and the plan which is then adopted will be the composite judgment of these persons of large and successful experience.

**THE BUSINESS OF EDUCATION.**  
Any one who listens to the logic of Dr. Harker finds it easy to believe that 2,000 college students in Jacksonville can readily be secured within five years. Certainly even from the business angle this situation is one which the people of Jacksonville can well direct attention. The larger the number of students here the greater the fund passing into the general channels of business.

Another business fact on which Dr. Harker makes comment is that for every dollar the home people invest in educational institutions \$1 or \$5 can be secured from outside sources. As has been said many times in the past years, the business of education is one of the biggest in Jacksonville, and anything that tends to increase the capital invested in the business will add to the commercial importance of the city.

It is one of the favorable things about the local situation that the president of Illinois Woman's college are working with such unity for the building up of their institutions and Jacksonville.

## THAT'S WHAT'S THE MATTER WITH US.

The Financial Age says editorially: "No other country in the world has made as much headway as the United States in deflation."

Wallace's Farmer, after printing the above, goes on to make this argument for deflation:

"Exactly. That is what is the matter with us. That has resulted making such a difference in the value of our money and the money of nations overseas that these people can not afford to buy from us anything which they can get along without. It has made this a good country for them to sell in but a bad country for them to buy in.

"Also this deflation has been uneven. Farm prices have shrunk, but prices of most other things have not been shrunk in the same proportion. As forty per cent of

"Still further, we incurred our heavy war debts when the dollar was worth almost twice as much as it is now—at least the farmer's dollar. That is equivalent to very near doubling the debt.

"What we need is some intelligent inflation. Instead of deflation, and I do not get that kind of word. We will likely get unimpaired inflation, which again is likely to be a bad thing for us.

## FUNDRAISERS

Funeral services for Eugene Donnelly were held at the Church of Our Savior yesterday morning at 8:30 o'clock, in charge of Rev. Father Cahill.

There were many beautiful floral tributes, among them wreaths and other designs from relatives in Cincinnati, O. New Orleans, La., and Columbus, Kan. The Knights of Columbus organization at New Orleans, of which the deceased was a member, furnished a floral offering.

The pallbearers were John Tracy, Thomas Walsh, John J. Ferry, P. H. Longmire, Carl Cokely and John McGinnis.

Those from a distance attending the rites were Sidney Donnelly, Chicago; Annie Donnelly and Harry Donnelly, of Columbus, Kan.

Interment was in Calvary cemetery.

## GARAGE ON FARM NEAR WINCHESTER BURNED

William Redshaw Loses Property by Fire as Result of Gasoline Explosion—Other Winchester News

Winchester, Dec. 2.—The garage on the William Redshaw farm, northwest of Winchester, was destroyed by fire Thursday morning. Mr. Redshaw was filling a tank with gasoline, using a rubber hose to convey the fluid from a storage tank. A lighted lantern in the garage caused the gasoline to explode and soon the building was in flames. Mr. Redshaw, his son Floyd and Fred Walker were all slightly burned. A Franklin car which was purchased the past summer was in the garage and was totally destroyed. The loss is partially covered by insurance.

Ray and Allen Stewart of St. Louis, Missouri, to Winchester Wednesday night to enjoy a hunting trip and to visit at the home of their parents.

Floyd Shillinger entertained a number of his school friends at the home of his parents, Mr. and Mrs. John Shillinger, on North Main street Thursday afternoon. The event being in honor of his eleventh birthday. The children enjoyed games and contests and delightful refreshments were served.

G. A. Stark, of Jacksonville formerly of Littlefield, has purchased the cafe of Mrs. Hardin McLaughlin here. Some repairs are being made on the building and the cafe will be open until Dec. 15. It will be known as the Palm cafe.

Little Mary Belle Husted, daughter of Mr. and Mrs. Guy Husted, met with a painful but not serious accident Friday evening, when she pulled over upon herself a pan of hot hard. The little girl, suffering from the burns thus inflicted, but the accident is not as serious as might have been the case.

Word has been received that Mrs. Fred B. McLaughlin underwent in good order an operation for the removal of her tonsils Thursday at St. John's hospital in Springfield.

Miss Ione Kuechler, who recently finished a course at the Gem City Business college, has taken a position as commercial teacher in the Bushnell high school. Miss Kuechler has many friends in this, her home city, who will wish her success.

## PHI ALPHA SOCIETY MEET FRIDAY NIGHT

The Phi Alpha literary society of Illinois college had a regular meeting last evening with a good attendance of members and general visitors present. The following program was presented: Essayist: Butler, The Cost of Fire; Frisch, A Glimpse Into the Future; Hatfield, Office Boy. Declaimers: Dolbow, A Plea for the Defense. Select Reader: McCracken, Gone with a Handcuff. Man. Extensor: Gunn, Value of Athletic Training. Mr. Kearns, of this city, an alumnus of Phi Alpha, gave an intensely interesting review of "Presidential Campaigns from Washington to Roosevelt," by George McConnell. This proved a choice journalistic production. Weaver gave a reading of George McConnell's review of Robert Martin's "Behavior of Crowds." Mr. McConnell is the oldest living member of Phi Alpha, while Mr. Martin is the youngest member having attained distinction as an author.

After a ten minute recess the following question was debated: "Resolved: That the government should own and operate the coal mines." The affirmative was upheld by Miller and McKie, the negative by Reid and Theis. The judges' decision was in favor of the affirmative, but the merits of the question went to the negative. During this meeting Bernard Corrigan and Arthur Hart were taken into membership of the society.

## TWO THOUSAND COLLEGE STUDENTS WOULD COME

DR. HARKER DECLARES PROPER INTEREST WILL BRING HIGHER COLLEGES

Spoke on Behalf of Illinois College and Illinois Woman's College Before the Rotary Club Friday—Forms Union of Mutual Interests

At the Friday luncheon of the Rotary club at the Pacific hotel, "Jacksonville and Its Colleges," was the theme of a remarkably forceful address by Dr. Joseph R. Harker, president of the Women's college and Illinois Woman's college before the Rotary club. As this is the week of American Education suggested by the American Legion, it had been arranged by the program committee for the time yesterday to be divided between Dr. Harker and President Rummelkamp of Illinois college. Dr. Rummelkamp was out of the city so that Dr. Harker spoke in behalf of both institutions. In this instance the word "benefit" meant that the speaker emphasized what the colleges really mean to Jacksonville today and what they could mean a few years hence if given the enthusiastic support of the people of the city.

Before Dr. Harker's address, President Riley introduced Col. O. C. Smith, superintendent of the school for the Deaf, as the most recently elected member of the club. Mr. L. E. Pius, as a past president, explained to Colonel Smith something of the meaning and purpose of Rotary. The new member then briefly voiced his appreciation of election to the club.

Secretary Kopperl brought to the attention of the membership the matter of Christmas baskets, and by unanimous vote the club decided to follow the custom inaugurated last Christmas. The name of a family, secured from the Social Service league, will be given to each club member and it will be his business to see that the family receives a Christmas basket appropriate to the particular need. Educational Institutions Invited.

Dr. Harker declared that Jacksonville can readily have 2,000 college students in a few years time and then gave facts to show how much more rapidly, boys and girls are graduating from high school than universities can care for them. A comparatively few years ago there were 400 high schools in Illinois and today there are more than 1,000. The speaker said that all that is necessary to greatly increase the number of students here, is to prepare for them by the proper facilities and equipment and buildings.

Dr. Harker spoke of the splendid high school building erected here and said it was one of many now found in the state where excellent equipment and broad courses of study are possible. It is natural that students who have their high school education in such a building are unwilling to go to a college with smaller facilities. The very best of the increased necessity for greater buildings and more equipment at the colleges.

Dr. Harker made the startling assertion that today \$1,000,000 is needed by each educational institution where \$100,000 was sufficient thirty-five years ago.

Referring again to the local high school building, Dr. Harker said "only used to be a large class of graduates and now the figure is seventy-five or eighty, and will soon reach the one hundred mark. There has been in recent years a great increase in the percentage of high school graduates who go to college. The attendance at the local universities in Illinois, he said, has in the past ten years increased by over 12,000, while the small colleges have not shown commensurate gain. So, Dr. Harker said, now is the day of opportunity for the smaller college. In 1890 Holyoke and Vassar were only as large as the Woman's college is now, while Smith and Wellesley were a little larger. Today these eastern colleges each have 1,100 or 1,200 students and each year is forced to turn hundreds away.

Financial Aid Necessary. Continuing, Dr. Harker said, "Illinois college is seeking \$500,000 and the need is there, not only for this sum, but for another \$500,000. Each time you help a college to add one hundred students, it means \$50,000 additional added to the business life of the city. One thing to be remembered in connection with the colleges is that they bring in money from the outside. Dr. Rummelkamp and I are going up and down the country seeking friends for these colleges. For each \$100,000 that you friends of the college here at home subscribe, we will bring in from the outside an additional \$400,000. In what other line of investment can you make such returns?"

In commenting upon the fact that there should be no rivalry between Illinois college and Illinois Woman's college, Dr. Harker advocated the plan of placing the musical departments of both colleges in one separate institution and operated entirely separately from the colleges. He said that a comparatively small per cent of the students of the Woman's college proper, have work in the college of music, and that the number would probably grow less with the years to come. It was his idea that the union of the two musical departments, with the building of a great conservatory with its resulting benefit in both business and educational ways.

Urges One Musical School. On this subject he said, "I believe both colleges would get along better if these were detached. Not one-tenth of the students of these colleges do any

## RED MEN GET COONS FOR TUESDAY'S FEAST

Several members of Delaware Tribe No. 78, Improved Order of Red Men went coon hunting Friday night. The hunt was on the farm of Newton Flynn who is Sachem of the tribe. Two coons were captured and the members will enjoy them following the regular meeting next Tuesday evening. At that time the semi-annual election of officers also will be held.

thing worth while in music—ninety per cent of the music audience has little or no connection with the colleges. As the colleges grow this will be still more true. What I would like to see would be a union of the two conservatories or music schools into one independent music school, with affiliation and recognition by both colleges of such work as should make college credit. Such an independent music school would fuse the new divided elements of Jacksonville into harmonious unity and Jacksonville would then have a higher educational equipment superior to that of any other city of the country, outside of the great metropolis cities."

Now it looks a little as if the situation over the peaceful adjustment of lower wages by Jacksonville house employees was premature. The president of the International Union has issued a strike order because of the cuts. Now will be seen whether this organization or the unions within packing plants themselves are the stronger.

The packers declare that not such difficulty is anticipated in the operation of their plants and they are accustomed to handling difficult situations.

THE BUSINESS OF EDUCATION.

Any one who listens to the logic of Dr. Harker finds it easy to believe that 2,000 college students in Jacksonville can readily be secured within 5 years if the proper interest is shown. Certainly even from the business angle this situation is one to which the people of Jacksonville can well direct attention.

Another business fact on which Dr. Harker makes comment is that for every dollar the home people invest in educational institutions \$4 or \$5 can be secured from outside sources. As has been said many times in the past years, the business of education is one of the biggest in Jacksonville, and anything that tends to increase the capital invested in the business will add to the commercial importance of the city.

THAT'S WHAT'S THE MATTER WITH US.

The Financial Age says editorially: "No other country in the world has made as much headway as the United States in deflation."

Wallace's Farmer, after printing the above, goes on to make this argument for deflation: "Exactly. That is what is the matter with us. That has resulted in making such a difference in the value of our money and the money of nations overseas that these people can not afford to buy from us anything which they can get along without. It has made this a good country for them to sell in but a bad country for them to buy in."

"Also this deflation has been uneven. Farm prices have shrunk, but prices of most other things have not been shrunk in the same proportion. As forty per cent of

Donnelly.

Funeral services for Eugene Donnelly were held at the Church of Our Savior yesterday morning at 8:30 o'clock, in charge of Rev. Father Cahill.

There were many beautiful floral tributes, among them wreaths and other designs from relatives in Cincinnati, O., New Orleans, La., and Columbus, Kan. The Knights of Columbus organization at New Orleans, of which the decedent was a member, furnished a floral offering.

The pallbearers were John Tracy, Thomas Walsh, John J. Ferry, P. H. Loneragan, Carl Cokely and John McGinnis.

Those from a distance attending the rites were Sidney Donnelly, Chicago, Marie Donnelly, and Harry Donnelly of Columbus, Kan.

Interment was in Calvary cemetery.

GARAGE ON FARM NEAR WINCHESTER BURNED

William Redshaw Loses Property by Fire as Result of Gasoline Explosion—Other Winchester News

Winchester, Dec. 2.—The garage on the William Redshaw farm, northwest of Winchester, was destroyed by fire Thursday morning. Mr. Redshaw was filling a tank with gasoline, using a rubber hose to convey the fluid from a storage tank. A lighted lantern in the garage caused the gasoline to explode and soon the entire building was ablaze. Mr. Redshaw, his son Floyd and Fred Walker were all slightly burned. A Franklin car which was purchased the past summer was in the garage and was totally destroyed. The loss is partially covered by insurance.

Ray and Allen Stewart of St. Louis, motored to Winchester Wednesday night to enjoy a hunting trip and to visit at the home of their parents.

Floyd Shillinger entertained a number of his school friends at the home of his parents, Mr. and Mrs. John Shillinger, on North Main street Thursday afternoon. The event being in honor of his eleventh birthday. The children enjoyed games and contests and delightful refreshments were served.

G. A. Stark, of Jacksonville formerly of Litchfield, has purchased the cafe of Mrs. Hardin McLaughlin here. Some repairs are to be made on the building and the cafe will not be open until Dec. 15. It will be known as the Palm cafe.

Little Mary Belle Husted, daughter of Mr. and Mrs. Guy Husted, met with a painful but not serious accident Friday evening, when she pulled over upon herself a pan of hot lard. The little girl is suffering from the burns thus inflicted, but the accident is not as serious as might have been the case.

Word has been received that Mrs. Fred B. McLaughlin underwent in good order an operation for the removal of her tonsils Thursday at St. John's hospital, in Springfield.

Miss Ione Kuechler, who recently finished a course at the Gem City Business college, has taken a position as commercial teacher in the Bushnell high school. Miss Kuechler has many friends in this, her home city, who will wish her success.

PHI ALPHA SOCIETY MET FRIDAY NIGHT

The Phi Alpha literary society of Illinois college had a regular meeting last evening with a good attendance of members and several visitors present. The following program was presented:

Essays: Butler, The Cost of Fire; Frisch, A Glimpse Into the Future; Hatfield, Office Boy. Declamers: Dolbow, A Plea for the Defense.

Select Reader: McCracken, Gone with a Handsome Man. Extemporizer: Gunn, Value of Athletic Training.

Mr. Kearns, of this city, an alumnus of Phi Alpha, gave an intensely interesting review of "Presidential Campaigns from Washington to Roosevelt," by George McConnell. This proved a choice journalistic production. Wever gave a reading of George McConnell's review of Everett Martin's "Behavior of Crowds."

Mr. McConnell is the oldest living member of Phi Alpha, while Mr. Martin is the youngest member having attained distinction as an author.

TWO THOUSAND COLLEGE STUDENTS WOULD COME

DR. HARKER DECLARES PROPER INTEREST WILL BRING BIGGER COLLEGES

Spoke on Behalf of Illinois College and Illinois Woman's College Before the Rotary Club Friday—Formal Union of Mutual Interests

At the Friday luncheon of the Rotary club at the Pacific hotel, "Jacksonville and Its Colleges" was the theme of a remarkably forceful address by Dr. Joseph R. Harker, president of the Women's college. As this is the week of American education suggested by the American Legion, it had been arranged by the program committee for the time yesterday to be divided between Dr. Harker and President Rammekamp, of Illinois college. Dr. Rammekamp was out of the city so that Dr. Harker spoke in behalf of both institutions. In this instance the word "behalf" means that the speaker emphasized what the colleges really mean to Jacksonville today and what they could mean a few years hence if given the enthusiastic support of the people of the city.

Before Dr. Harker's address, President Riley introduced Col. O. C. Smith, superintendent of the school for the Deaf, most recently elected member of the club. Rev. M. L. Pontius, as a past president, explained to Colonel Smith something of the meaning and purpose of Rotary. The new member then briefly voiced his appreciation of election to the club.

Secretary Kopperl brought to the attention of the membership present, the matter of Christmas baskets, and by unanimous vote the club decided to follow the custom inaugurated last Christmas. The name of a family, secured from the Social Service league, will be given to each club member and it will be his business to see that the family receives a Christmas basket appropriate to the particular need.

Dr. Harker declared that Jacksonville can readily have 2,000 college students in a few years' time and then gave facts to show how much more rapidly, boys and girls are graduating from high school than universities can care for them. A comparatively few years ago there were 400 high schools in Illinois and today there are more than 1,000. The speaker said that all that is necessary to greatly increase the number of students here, is to prepare for them by the proper facilities and equipment and buildings.

Dr. Harker spoke of the splendid high school building erected here and said it was one of many now found in the state where excellent equipment and broad courses of study are possible. It is natural that students who have their high school education in such a building are unwilling to go to a college with smaller facilities. This very fact has increased the necessity for greater buildings and more equipment at the colleges.

Dr. Harker made the startling assertion that today \$1,000 is needed by each educational institution where \$100,000 was sufficient thirty-five years ago. Referring again to the local high school, Dr. Harker said that forty used to be a large class of graduates and now the figure is seventy-five or eighty, and will soon reach the one hundred mark. There has been in recent years a great increase in the percentage of high school graduates who go to college. The attendance at the three universities in Illinois, he said, has in the past ten years increased by over 12,000, while the small colleges have not shown commensurate gain. So, Dr. Harker said, now is the day of opportunity for the smaller college. In 1890 Holyoke and Vassar were only as large as the Women's college is now, while Smith and Wellesley were only a little larger. Today these eastern colleges each have 1,100 or 1,200 students and each year is forced to turn hundreds away.

Financial Aid Necessary. Continuing, Dr. Harker said, "Illinois college is seeking \$500,000 and the need is there, not only for this sum, but for another \$500,000. Each time you help a college to add one hundred students, it means \$50,000 additional added to the business life of the city. One thing to be remembered in connection with your colleges is that they bring in money from the outside. Dr. Rammekamp and I are going up and down the country seeking friends for these colleges. For each \$100,000 that you friends of the college here at home subscribe, we will bring in from the outside an additional \$400,000. In what other line of investment can you make such returns?"

In commenting upon the fact that there should be no rivalry between Illinois college and Illinois Woman's college, Dr. Harker advocated the plan of placing the musical departments of both colleges in one separate institution and operated entirely separate from the colleges. He said that a comparatively small percentage of the students of the Women's college proper, have work in the college of music and that the number would probably grow less with the years to come. It was his idea that the union of the two musical departments would make possible the building of a great conservatory with its resulting benefit in both business and educational ways.

Urges One Musical School. On this subject he said, "I believe both colleges would get along better if these were detached. Not one-tenth of the musical college students do any-

thing worth while in music—nine tenths of the music attendance has little or no connection with the colleges. As the colleges grow this will be still more true. What I would like to see would be a union of two conservatories or music schools into one independent music school, with affiliation and recognition by both colleges of such work as should have college credit. Such an independent music school would fuse the now divided elements of Jacksonville into harmonious unity and Jacksonville would then have a higher educational equipment superior to that offered by any cities of the country, outside of the great metropolis cities."

## CHANGES ON ROUTE MADE BY OFFICIALS

Ocean to Ocean Representatives in Consultation With State Highway Department.

Mention has previously been made of the change in the Ocean to Ocean highway, which has been routed thru Ringston and Oxyville and thru Chapin and Bluffs. The distance between the southern end of the route is nearly 5 miles shorter than by the old route to the river and there is the further advantage of the elimination of three grade railroad crossings.

The change in the route was made by W. T. Clarkson, manager of the Ocean to Ocean highway, and his associate, John M. Walsh, who came to their decision after a thorough investigation and in compliance with the wishes of the state highway department. This department favors the elimination of the grade crossings on the trails whenever at all possible.

Another change in the route was made in Jacksonville. The trail was made on South Main street to the square, thence around the east, north and west sides to West State street, thence south to Mound avenue, thence west along the Mound road. The former routing on the public square was from South Main street, west and north to West State street.

Under the present routing travelers save six blocks of the public square instead of two.

## PROGRAM ISSUED FOR TEACHERS INSTITUTE

Have Been Mailed From Office of County Superintendent of Schools Vasconcellos—Will Be Held in High School December 8 and 9.

Programs for the Morgan County Teachers Institute have been mailed from County Superintendent of Schools Vasconcellos office. The institute will be held in the new High school on Dec. 8 and 9. These institute are required by law, the time spent at them being considered the same as time spent teaching, so the attendance will be large.

In speaking of the institute, Mr. Vasconcellos said that the program arranged for this one is the best ever given in Morgan, all of the instructors being experts in their line. The instructors will be H. A. Perrin city superintendent of schools, who is counted as one of the leading educators in the state; Prof. H. H. Schroeder, head of the Department of Education at Normal University, Normal, Ill.; Miss Lura Eyston, head of the Primary Department at Normal and Prof. H. W. Shryock, president of the Southern Illinois Normal school at Carbondale.

The institute will open at 9 o'clock Thursday morning, December 8, with appropriate exercises. There will be an address by Supt. Perrin. From 10:40 to 11:45 Miss Eyston will have charge of primary department work; Mr. Perrin will instruct a class in graded teaching and Mr. Schroeder will have a class in high school work.

Music will open the afternoon session at 1:30. From 2 to 3 o'clock there will be a general session, and the teachers will hear an address by Prof. Schroeder.

Following the opening exercises on the second day, Friday, December 9, Prof. Shryock will give an address. From 10:40 to 11:45 there will be classes.

The afternoon of the last day will be taken up with an opening program of music, classes and an address by Prof. Shryock.

## AN ELIJAH EVENING

The program at the Community Forum at the Congregational church Sunday evening, Dec. 4, will be Mendelssohn's famous oratorio, Elijah. Mr. Stekney will tell briefly the story of Elijah giving the setting for the following selections which will be rendered by a double quartet under the direction of Mr. C. C. Quast.

As God the Lord of Israel Liveth—Mr. Quast.  
Lord, Bow Thine Ear—Duet and chorus.  
If With All Your Hearts—Mr. Hackett Wilder.  
For He Shall Give His Angels—Double quartet.  
Lord God of Abraham—Mr. Quast.  
Cast Thy Burden on the Lord—Quartet.

Hear ye, Israel—Miss Conboy.  
It is Enough—Mr. Quast.  
Lift Thine Eyes—Trio.  
He Watching Over Israel—Chorus.  
O Rest in the Lord—Miss Armstrong.

The Double Quartet—1st soprano—Josephine Conboy (solo); 2nd soprano, Mildred Prelin; 1st tenor, Ruth Armstrong (solo); 2nd alto, Katherine Parker, 1st tenor, Hackett Wilder (solo); 2nd tenor, W. E. Kitch; 1st bass, C. C. Quast (solo); 2nd bass Frank Collins.

You are invited to come and enjoy the forum programs.

## CIRCUIT CLERK PRESENTS GOOD SEMI-ANNUAL REPORT

Circuit Clerk Wamaker has filed with the county commissioners the semi-annual report. The receipts of the office have been such that the clerk after paying all expenses has been able to turn over \$415.83 to the county treasurer. The receipts for the period amounting to \$2,328.12 were from the following sources:  
Recording etc., \$1,613.05; fees \$1,026.18; miscellaneous services \$484.90; services in criminal

cases. The naturalization fees had these been taken into account the earnings of the clerk would have been established at \$1,083.30.

The showing is excellent and it is hoped that the fees of the office have not been sufficient to meet the expenditures. Mr. Wamaker has made no charge for the recording of records and the charges for the filing of criminal cases.

Last three reels of "David and Jonathan" will be shown at Westminster church Sunday night. Dr. Smith will preach. All invited.

AND INCREASE YOUR ENERGY QUICKLY, EASILY AND SURELY AT SMALL COST

This is a run-down folk will find this single fact well worth trying: first weigh yourself and measure yourself. Next take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself again each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON contains highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C), all of which science says, you must have to be strong, well and fully developed. It is now being used by thousands who appreciate its convenience, economy and quick results. IMPORTANT! While the amazing health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Mastin's VITAMON tablets at all good druggists.

### CHANGES ON ROUTE MADE BY OFFICIALS

Ocean to Ocean Representatives in Consultation With State Highway Department.

Mention has previously been made of the change in the Ocean to Ocean highway, which has been routed thru Rixton and Oxville instead of thru Chapin and Bluffs. The distance between the south end of the grade crossings on the river and there is the further advantage of the elimination of three grade railroad crossings.

The change in the route was made by W. T. Clarkson, manager of the Ocean to Ocean highway, and his associate, John M. Walsh, they came to their decision after a thorough investigation and in compliance with the wishes of the state highway department. This state department favors the elimination of the grade crossings on the trails whenever at all possible.

Another change in the route was made in Jacksonville. The trail was made on South Main street to the square, thence around the east, north and west sides to West State street, thence it goes west to Park street and south to Mound avenue, thence west along the Mound road. The former routing on the public square was from South Main street, west and north to West State street.

Under the present routing travelers pass six blocks of the public square instead of two.

PROGRAM ISSUED FOR TEACHERS INSTITUTE

Have Been Mailed From Office of County Superintendent of Schools Vasconcellos—Will be Held in High School December 8 and 9.

Programs for the Morgan County Teachers Institute have been mailed from County Superintendent of Schools Vasconcellos office.

The institute will be held in the new High school on Dec. 8 and 9. These institute are required by law, the time spent at them being considered the same as time spent teaching, so the attendance will be large.

In speaking of the institute, Mr. Vasconcellos said that the program arranged for this one is the best ever given in Morgan, all of the instructors being experts in their line. The instructors will be H. A. Perrin city superintendent of schools, who is counted as one of the leading educators in the state.

Prof. H. H. Schroeder, head of the Department of Education at Normal university, Normal, Ill., Miss Lura Efstone, head of the Primary Department at Normal and Prof. H. W. Shryock, president of the Southern Illinois Normal school at Carbondale.

CIRCUIT CLERK PRESENTS GOOD SEMI-ANNUAL REPORT

Circuit Clerk Wanamaker has filed with the county commissioners the semi-annual report. The receipts of the office have been such that the clerk after paying all expenses has been able to turn over \$415.83 to the county treasurer. The receipts for the period amounting to \$3,338.12 were from the following sources:

Recording etc., \$1,613.05; fees \$1,026.18; miscellaneous services \$484.90; services in criminal

cases \$103; naturalization fees \$12. The expenditures included: For clerk hire \$1,290; salary \$1,250; miscellaneous expenses \$168.30.

The showing is excellent as it often happens that the fees of the office have not been sufficient to meet the expenditures. Mr. Wanamaker has made no charge for the recording of soldiers' discharges nor for the filing of criminal cases.

Had these been taken into account the earnings of the office would have established an entirely new record.

Last three reels of "David and Jonathan" will be shown at Westminster church Sunday night. Dr. Smith will preach. All invited.

## INTEREST CENTERS ON DAIL EIREANN CABINET MEETING

Will Consider New Proposals of British Today

(By The Associated Press)  
LONDON, Dec. 2.—The eyes of all those interested in Ireland now are fixed on Dublin, seat of the Dail Eireann, as they were early in the week on Belfast, the center of Ulsterism. All the Sinn Fein peace delegates now have left London to meet with the Dail Eireann cabinet tomorrow for consideration of the government's latest proposals for settlement of the age-long strife between England and Ulster and Southern Ireland.

It is also possible that the delegates will ask the Dail cabinet whether it would consent to adjournment of the negotiations for a certain period in the hope that time might bring the two sides closer together and, incidentally, permit Premier Lloyd George to attend the Washington conference which, it is suggested, he intends to do no matter what the result of the negotiations.

The Sinn Fein delegates went home not at all optimistic regarding the decision of their cabinet. They themselves do not believe the new proposals are acceptable and regard it as likely that Eamon DeValera and the other members of the Dail have so far changed their minds regarding what they contend are Ireland's rights as to agree to the proposals.

There is some difference of opinion respecting renewal of armed strife should the truce be denounced. Officials on both sides declare that it would be possible to keep the Irish Republican army and crown forces from quashing and this view is endorsed by some of the Republican army officers who are visiting London.

On the other hand business and professional men in Irish towns and land owners and merchants in the country who have seen actual warfare cannot bring themselves to believe the government will risk, as they put it, losing the sympathy of the outside world by starting to "clear up" Ireland or that the men of the Republican army who have had six months comfort, voluntarily would go back to the hills.

## NO VERDICT HAS BEEN REACHED BY THE JURY IN ARBUCKLE TRIAL

(Continued from Page 1)

show girls, by the district attorney in order to coerce them into giving testimony beneficial to the prosecution's cause.

He said that the "forces of law and order should not assume the leadership of a mob, or take its commands from the mob," adding that "had Arbuckle told at the time of his arrest the simple story told that he told on the stand, God knows what would have happened to him."

U'Ren referred to Arbuckle as a "Bolshevik sitting on his throne and pouring wine, during the party in the Hotel St. Francis. "Thank God he has been told as Bolshevik was told, that his kingdom is divided and his reign is over," U'Ren said.

Asked as to what his future plans were, Arbuckle said he would make no statement "until the thing is out of the way." He remarked that the final remark of Gavin McNab or the "old man" as he characterized him had not been answered adequately by U'Ren. The prosecution reiterated its hope for a speedy conviction.

Alternate Juror Hopkins said that the jury had been watched closer than any other in San Francisco for 25 years.

"They censor our mail incoming and outgoing," he said. "We each had a separate room at the hotel where we stayed and were watched like hawks by four deputy sheriffs who guarded us. They certainly did their duty well."

"The newspapers were carefully kept from us. I have no idea of what has happened in the world for two weeks."

Hopkins told a representative of the San Francisco Call that in his opinion the prosecution had failed to prove its case and that the jury would be out in five hours in reaching a verdict.

At 6 p. m., the jury was given a dinner recess until 8:30 p. m.

The jurors, heavily guarded, were taken to their hotel.

## WILL LAY WATERWAY FACTS BEFORE CONGRESS

Personnel of Special Committee Representing Illinois—Division of Water From Lake a Necessity

The work for the Illinois deep waterway committee of which W. L. Fay has been appointed a member by Governor Small, is outlined in a resolution passed by the last general assembly, and which appears in the last volume of the revised statutes of Illinois. Briefly the committee of ten is expected to present such arguments to congress that authority be granted for the diversion of a great quantity of water from Lake Michigan for the dual purpose of improving the health conditions of the Chicago sanitary district and providing water for navigation purposes in the lakes-to-the-gulf waterway project.

**Personnel of Committee**  
The personnel of the special committee is as follows:  
From the state senate: Senator Daniel Herlihy, Chicago; Senator Frank O. Hanson, Bloomington; and Senator Andrew S. Cuthbertson, Bunker Hill.

From the state house of representatives: Hon. Charles A. Gregory, Livingston; Hon. A. Otis Arnold, Quincy; Hon. William H. Brinkman, Chicago; and Hon. Ben L. Smith, Pekin.

Appointed by the governor: W. L. Fay, Jacksonville; Col. Fred Bennett, Joliet, and C. M. Clay Buntain, Joliet.

The resolution, as passed by the general assembly, sets out that a diversion of 10,000 cubic feet of water per second from Lake Michigan will contribute to the success of the lakes-to-the-gulf waterway and is absolutely essential to reverse the run-off of water into the Chicago river and to cause the river and the sewage of the sanitary district at all times to flow away from Lake Michigan. Further it is shown that neither the state nor the city of Chicago has been able to secure the necessary permission from the secretary of war to divert the water.

The purpose of the resolution naming the committee is summarized in the following paragraph:

**Resolution Summarized**  
Resolved, by the house of representatives of the Illinois general assembly, the senate concurring herein, that a joint committee of ten be appointed by the speaker of the house of representatives, three members thereof to be appointed by the president of the senate upon the recommendation of the executive committee, and three persons to be appointed by the governor for the purposes of co-operating with the trustees of the sanitary district of Chicago, and with the United States senators and representatives in congress from the state of Illinois in presenting to the congress of the United States the pressing necessity for congressional action authorizing a diversion of 10,000 cubic feet of water per second from Lake Michigan at Chicago for the double purpose of protecting the lives and health of over 3,000,000 people who must use Lake Michigan's water for drinking purposes and also to make certain an adequate supply of water for navigation purposes between Lake Michigan and the Gulf of Mexico when the connecting link between the sanitary district canal and the Illinois river has been completed.

**WHAT IF YOU WERE LIVING IN RUSSIA**

REVAL, Esthonia—(By the A. P.)—New York tenants who wax angry when landlords add 15 or 20 per cent to their apartment rents have less cause for complaint than tenants in Petrograd.

By official decree, according to a radio dispatch from Moscow, Petrograd rents have been increased by 2,000 times the amount paid on Oct. 1.

Previous to last summer, no rents at all were paid under the Bolshevik regime. In accordance with the new economic policy, nominal rents were instituted several months ago, persons paying perhaps 2,000 rubles monthly for a large apartment.

This sum, in American money, represented about two cents monthly, but was, perhaps, one-fifth of the tenant's monthly income.

The raise in rents was simultaneous with the inauguration of a new scale of greatly increased wages, some persons having their salaries increased by as much as 500 or 1,000 times.

**GIANTS WILL TRAIN AT SAN ANTONIO AGAIN**

New York, Dec. 2.—The New York National League Baseball club has again selected San Antonio, Texas, for its spring training grounds, Secretary J. Tierney announced tonight. The Giants have been given permission by Harry J. Benson owner of the San Antonio club of the Texas league, he said, to use the Bears park.

**NIXON CASE GOES TO JURY**

Great Bend, Kans., Dec. 2.—The case of Dr. W. A. Nixon, charged with the murder of Arthur C. Banta, Great Bend Attorney, went to the jury tonight following long arguments in which Nixon was painted as a Dr. Jekyll by counsel for the defense and a Mr. Hyde by attorneys for the state.

Banta's bullet riddled body was found beside his motor car near here the morning of July 7, last.

## HARDING MAY COMMENT ON MAXIMUM TAX

Expected to Touch on it in His Coming Message to Congress

(By The Associated Press)  
WASHINGTON, Dec. 2.—Sur-tax provisions of the existing revenue law, imposing maximum levies of fifty per cent on incomes are expected to be the subject of comment in President Harding's message to the new congress, convening Dec. 5. President Harding, prior to passage of the act, strongly recommended that the maximum surtax be reduced to 40 per cent as a compromise between the house and senate suggestions. Tariff matters it was reiterated today, may be expected to occupy a prominent place in the communication. In connection with this subject, one recommendation that has been forecast, would ask that the president be given discretionary powers in applying the American valuation basis to meet specific import situations which required special treatment.

It was the belief in best informed circles that Mr. Harding thought this could be best accomplished by authorizing the greatest possible flexibility in the use of this basis of affixing duties.

The Wood-Forbes report on the Philippines probably will be referred to by President Harding, but it is said he will not reinforce its recommendations at this time with the specific request that congress modify the legislative powers now possessed by the Philippine government.

**RENTED CAR UNDER AN ASSUMED NAME**

LOS ANGELES, Cal., Dec. 2.—Testimony that Arthur C. Burch, charged with the murder of J. Belton Kennedy, rented an automobile under an assumed name the night Kennedy was shot to death, formed the climax of today's sessions of Burch's trial.

Richard Parsons, proprietor of an automobile rental establishment, testified Burch came to his place and rented a touring car the evening of Aug. 3, last, and returned it the same night. He produced a rental slip signed J. L. Jones, and declared Burch placed that signature there.

The following day, about the middle of the afternoon, Burch, according to Parsons, rented a roadster and returned it early in the evening, again signing the name J. L. Jones.

**SAYS THOMPSON WOULD HAVE BEEN SHOT**

Chicago, Dec. 2.—Had Mayor William Hale Thompson "lived during the days of Washington or the Lincoln and made the statements attributed to him during the world war, he would have been shot," Weymouth Kirkland, attorney for the Chicago Tribune today asserted in closing his arguments for a demurrer filed by the newspaper in the \$500,000 libel suit brought against it by Mayor Thompson because of articles published concerning him during the war. The hearing of rebuttal arguments by attorneys for Mayor Thompson will be held next Monday.

**ONIONS ARE BREAKING INTO HIGH SOCIETY**

Chicago, Dec. 2.—Onions are breaking into society and finding their way to the tables of the best families by way of the salad route, it was stated at the annual convention of the National Onion association here today.

"Their use is on the increase—about 25,000 carloads a year—but there's a shortage this year, due to a hot summer," Willis Bowers, secretary, Kenton, Ohio, said.

**HELD GUN FOR FRIEND IN BAD WITH UNCLE SAM**

Chicago, Dec. 2.—Oscar Wittek, caught shooting ducks in Lincoln Park Lagoon with a rifle equipped with a silencer and arranged for a United States commissioner today charged with violating the migratory bird law, denied the accusation.

Wittek explained he was merely holding the gun for a friend who was nearby killing the park rabbits with a club.

He was bound over to the federal grand jury.

INTEREST CENTERS ON DAIL EIREANN CABINET MEETING

Will Consider New Proposals of British Today

(By The Associated Press) LONDON, Dec. 2.—The eyes of all those interested in Ireland now are fixed on Dublin, seat of the Dail Eireann as they were early in the week on Belfast, the center of Ulsterism. All the Sinn Fein peace delegates now have left London to meet with the Dail Eireann cabinet tomorrow for consideration of the government's latest proposals for settlement of the age-long strife between England and Ulster and Southern Ireland.

It is also possible that the delegates will ask the Dail cabinet whether it would consent to adjournment of the negotiations for a certain period in the hope that time might bring the two sides closer together and, incidentally, permit Premier Lloyd George to attend the Washington conference which, it is suggested, he intends to do no matter what the result of the negotiations.

The Sinn Fein delegates went home not at all optimistic regarding the decision of their cabinet. They themselves do not believe the new proposals are acceptable and regard it as likely that Eamonn DeValera and the other members of the Dail have so far changed their minds regarding what they contend are Ireland's rights as to agree to the proposals.

There is some difference of opinion respecting renewal of armed strife should the truce be denounced. Officials on both sides declare that it would be possible to keep the Irish Republican army and crown forces from clashing and this view is endorsed by some of the Republican army officers who are visiting London.

On the other hand business and professional men in Irish towns and land owners and merchants in the country who have seen actual warfare cannot bring themselves to believe the government will risk, as they put it, losing the sympathy of the outside world by starting to "clear up" Ireland or that the men of the Republican army who have had six months comfort, voluntarily would go back to the hills.

NO VERDICT HAS BEEN REACHED BY THE JURY IN ARBUCKLE TRIAL

show girls, by the district attorney "in order to coerce them into giving testimony beneficial to the prosecution's cause."

He said that the "forces of law and order should not assume the leadership of a mob, or take its commands from the mob," adding that "had Arbuckle told at the time of his arrest the simple story told that he told on the stand, God knows what would have happened to him."

U'Ren referred to Arbuckle as a "Belshazzar sitting on his throne and pouring wine, during the party in the Hotel St. Francis. "Thank God he has been told as Belshazzar was told, that his kingdom is divided and his reign is over," U'Ren said.

Asked as to what his future plans were, Arbuckle said he would make no statement "until the thing is out of the way." He remarked that the final remark of Gavin McNab or the "old man" as he characterized him had not been answered adequately by U'Ren. The prosecution reiterated its hope for a speedy conviction.

Alternate Juror Hopkins said that the jury had been watched closer than any other in San Francisco for 25 years.

"They censor our mail incoming and outgoing," he said. "We each had a separate room at the hotel where we stayed and were watched like hawks by four deputy sheriffs who guarded us. They certainly did their duty well."

"The newspapers were carefully kept from us. I have no idea of what has happened in the world for two weeks."

Hopkins told a representative of the San Francisco Call that in his opinion the prosecution had failed to prove its case and that the jury would be four or five hours in reaching a verdict.

At 6 p. m., the jury was given a dinner recess until 8:30 p. m.

The jurors, heavily guarded, were taken to their hotel.

WILL LAY WATERWAY FACTS BEFORE CONGRESS

Personnel of Special Committee Representing Illinois—Division of Water From Lake a Necessity

The work for the Illinois deep waterway committee of which W. L. Fay has been appointed a member by Governor Small, is outlined in a resolution passed by the last general assembly, and which appears in the last volume of the revised statutes of Illinois. Briefly the committee of ten is expected to present such arguments to congress that authority be granted for the diversion of a great quantity of water from Lake Michigan for the dual purpose of improving the health conditions of the Chicago sanitary district and providing water for navigation purposes in the lakes-to-the-gulf waterway project.

Personnel of Committee

The personnel of the special committee is as follows: Senator Daniel Herlihy, Chicago; Senator Frank O. Hanson, Bloomington; and Senator Andrew S. Cuthbertson, Elmhurst. From the state house of representatives: Hon. Charles A. Gregory, Livingston; Hon. A. Otis Arnold, Quincy; Hon. William H. Brinkman, Chicago; and Hon. Ben L. Smith, Pekin.

Appointed by the governor: W. L. Fay, Jacksonville; Col. Fred Bennett, Joliet, and C. M. Clay Buntain, Joliet.

The resolution, as passed by the general assembly, sets out that a diversion of 10,000 cubic feet of water per second from Lake Michigan will contribute to the success of the lakes-to-the-gulf waterway and is absolutely essential to reverse the run-off of water into the Chicago river and to cause the river and the sewage of the sanitary district at all times to flow away from Lake Michigan. Further it is shown that neither the state nor the city of Chicago has been able to secure the necessary permission from the secretary of war to divert the water.

The purpose of the resolution naming the committee is summarized in the following paragraph:

Resolution Summarized

Resolved, by the house of representatives of the Illinois general assembly, the senate concurring herein, that a joint committee of ten be appointed by the speaker of the house of representatives, three members thereof to be appointed by the president of the senate upon the recommendation of the executive committee, and three persons to be appointed by the governor for the purposes of co-operating with the trustees of the sanitary district of Chicago, and with the United States senators and representatives in congress from the state of Illinois in presenting to the congress of the United States the pressing necessity for congressional action authorizing a diversion of 10,000 cubic feet of water per second from Lake Michigan at Chicago for the double purpose of protecting the lives and health of over 3,000,000 people who must use Lake Michigan's water for drinking purposes and also to make certain an adequate supply of water for navigation purposes between Lake Michigan and the Gulf of Mexico when the connecting link between the sanitary district canal and the Illinois river has been completed.

WHAT IF YOU WERE LIVING IN RUSSIA

REVAL, Esthonia—(By the A. P.)—New York tenants who wax angry when landlords add 15 or 20 per cent to their apartment rents have less cause for complaint than tenants in Petrograd.

By official decree, according to a radio dispatch from Moscow, Petrograd rents have been increased by 2,000 times the amount paid on Oct. 1.

Previous to last summer, no rents at all were paid under the Bolshevik regime. In accordance with the new economic policy, nominal rents were instituted several months ago, persons paying perhaps 2,000 rubles monthly for a large apartment.

This sum, in American money, represented about two cents monthly, but was, perhaps, one-fifth of the tenant's monthly income.

The raise in rents was simultaneous with the inauguration of a new scale of greatly increased wages, some persons having their salaries increased by as much as 500 or 1,000 times.

GIANTS WILL TRAIN AT SAN ANTONIO AGAIN

New York, Dec. 2.—The New York National League Baseball club has again selected San Antonio, Texas, for its spring training grounds, Secretary J. Tierney announced tonight. The Giants have been given permission by Harry J. Benson owner of the San Antonio club of the Texas league, he said, to use the Bears park.

NIXON CASE GOES TO JURY

Great Bend, Kans., Dec. 2.—The case of Dr. W. A. Nixon, charged with the murder of Arthur C. Banta, Great Bend Attorney, went to the jury tonight following long arguments in which Nixon was painted as a Dr. Jekyll by counsel for the defense and a Mr. Hyde by attorneys for the state. Banta's bullet riddled body was found beside his motor car near here the morning of July 7, last.

HARDING MAY COMMENT ON MAXIMUM TAX

Expected to Touch on it in His Coming Message to Congress

(By The Associated Press)

WASHINGTON, Dec. 2.—Sur-tax provisions of the existing revenue law, imposing maximum levies of fifty per cent on incomes are expected to be the subject of comment in President Harding's message to the new congress, convening Dec. 5. President Harding, prior to passage of the act, strongly recommended that the maximum surtax be reduced to 40 per cent as a compromise between the house and senate suggestions. Tariff matters it was reiterated today, may be expected to occupy a prominent place in the communication. In connection with this subject, one recommendation that has been forecast, would ask that the president be given discretionary powers in applying the American valuation basis to meet specific import situations which required special treatment.

It was the belief in best informed circles that Mr. Harding thought this could be best accomplished by authorizing the greatest possible flexibility in the use of this basis of affixing duties.

The Wood-Forbes report on the Philippines probably will be referred to by President Harding, but it is said he will not reinforce its recommendations at this time with the specific request that congress modify the legislative powers now possessed by the Philippine government.

RENTED CAR UNDER AN ASSUMED NAME

LOS ANGELES, Cal., Dec. 2.—Testimony that Arthur C. Burch, charged with the murder of J. Belton Kennedy, rented an automobile under an assumed name the night Kennedy was shot to death, formed the climax of today's sessions of Burch's trial. Richard Parsons, proprietor of an automobile rental establishment, testified Burch came to his place and rented a touring car the evening of Aug. 3, last, and returned it the same night. He produced a rental slip signed J. L. Jones, and declared Burch placed that signature there.

The following day, about the middle of the afternoon, Burch, according to Parsons, rented a roadster and returned it early in the evening, again signing the name J. L. Jones.

SAYS THOMPSON WOULD HAVE BEEN SHOT

Chicago, Dec. 2.—Had Mayor William Hale Thompson "lived during the days of Washington or Lincoln and made the statements attributed to him during the world war, he would have been shot," Weymouth Kirkland, attorney for the Chicago Tribune today asserted in closing his arguments for a demurrer filed by the newspaper in the \$500,000 libel suit brought against it by Mayor Thompson because of articles published concerning him during the war. The hearing of rebuttal arguments by attorneys for Mayor Thompson will be held next Monday.

ONIONS ARE BREAKING INTO HIGH SOCIETY

Chicago, Dec. 2.—Onions are breaking into society and finding their way to the tables of the best families by way of the salad route, it was stated at the annual convention of the National Onion association here today.

"Their use is on the increase—about 25,000 carloads a year—but there's a shortage this year, due to a hot summer," Willis Bowers, secretary, Kenton, Ohio, said.

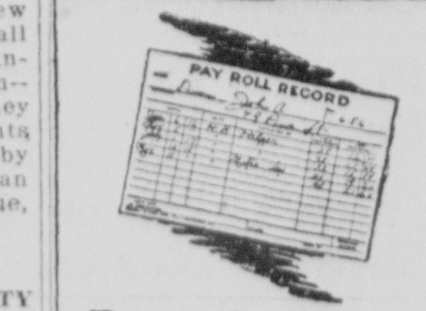

HELD GUN FOR FRIEND; IN BAD WITH UNCLE SAM

Chicago, Dec. 2.—Oscar Withechek, caught shooting ducks in Lincoln Park Lagoon with a rifle equipped with a silencer and arraigned before a United States commissioner today charged with violating the migratory bird law, denied the accusation.

Withechek explained he was merely holding the gun for a friend who was nearby killing the park rabbits with a club.

He was bound over to the federal grand jury.

STRIKE WILL NOT AFFECT PRICES OF CLOAKS AND SUITS

This is Opinion on Garment Workers Strike

(By The Associated Press)

CHICAGO, Dec. 2.—Prices for women's cloaks and suits this winter will not be affected by Chicago's strike in this industry as work is practically finished on the winter supply of these garments, it was agreed today by representatives of manufacturers and workers.

Settlement of the strike is not expected before the first of the year, if then, by union officials. Morris Sigman of New York, first vice president of the International Ladies' Garment Workers' Union made the announcement today. This he said, because the slack season laid no necessity of a quick settlement on the manufacturers. M. Tobias, representative of the Chicago Cloak & Suit Manufacturers' Association disagreed, however, saying the difficulty might be settled sooner than expected.

### EXPERT ADVICE SOUGHT ON SEWER PROBLEM

Committee Will Have Best Opinions Available Before Recommending to People the Best Plan for Development.

The Jacksonville citizens' sewer committee will seek the best advice from several sources before any actual work is undertaken. As made clear in a previous statement, it is the purpose of the committee to bend its efforts toward the securing of a brook sewer, leaving the other phases of the sewage question to be taken care of with passing years.

A further meeting of the committee was held last night at the Chamber of Commerce headquarters. Present were Chairman J. F. Claus, W. E. Thomson, Alderman Thomas Flynn, H. L. Caldwell, J. H. Dial and A. C. Metcalf of the committee, together with former Mayor H. J. Rodgers, S. L. Miller of the Caldwell Engineering Co., and Harold Welch, secretary of the Chamber of Commerce. Report was made on correspondence with several well known engineering firms and it was decided after some consideration to secure the services of Alvord & Burdick of Chicago for some preliminary investigation. This firm includes engineers of established reputation who thru a period of years have successfully handled sewer work, sewage and miscellaneous engineering problems in all parts of the country.

It is the expectation that Mr. Burdick of this firm who has given especial attention to sewage questions, will visit Jacksonville for inspection of conditions and needs and conference with the committee.

G. A. Habermeyer of the Illinois state water survey will also be secured for an inspection visit and the committee will also seek the advice or assistance of Professor Talbot of the University of Illinois. Professor Talbot is accounted a dean among men who have made a study of sewage problems. It was he who developed the sanitary tank for sewage disposal and he has written a number of valuable treat books upon sewage questions.

Still another widely known authority will be consulted, Dr. Isaac Hawkins, head of the state department of health. It is the purpose of the committee to get the views and suggestions of the men mentioned so that the plan adopted may represent their composite judgment and the best line of action for the city taken.

The Alvord & Burdick firm has in recent years made investigations with reference to sewer systems or has supervised the construction of sewerage projects in Rockford, Ill.; Lincoln, Neb.; Great Lakes, Ill.; Madison and Milwaukee, Wis.; Gary, Ind.; Bloomington, Ind. and at a number of smaller cities in Illinois.

### WILL SHOW GREAT INDUSTRIAL FILM

Deals With All Modern Farm Improvements—Will Be Shown in Other Towns in County

"The Dawn of a New Day," the greatest industrial film ever produced, will be shown in Jacksonville, on Dec. 5 and 6. This will be of special interest to the farmers of the community, as it is a Standard, superintendent of the division of dairy extension, will lecture in connection with the showing of the film.

The film will also be shown in Waverly, Litchberry and Woodson, but complete arrangements for these towns have not been completed. The film is a masterpiece among industrial productions, and takes up modern farm improvements along with many other lines besides dairying. All classes of agriculturists will find it helpful.

### CANVASS IS NEARLY COMPLETED

The Chamber of Commerce Trade Extension committee has just about finished the canvass of the merchants in the business district with reference to the proposed Christmas decorations. All of the merchants along West State street have been signed up and also all around the square. The finishing touches will be applied to East State street today and Monday. The number of merchants signed up has now reached sixty.

A large part of the decorations to be used has arrived. The evergreen and smilax is here, and the Xmas trees will arrive within a few days. Work will be started on some of the decorating tomorrow, and the whole job will be completed twelve days before Christmas.

### SOROSIS HOLDS ANNUAL MEETING

Marked Fifty-Third Year of Existence—Large Number Present at Strawn Home Friday Night for This Event.

The 53rd annual meeting of Sorosis was held at the home of Gates Strawn, on Mound avenue Friday evening. Over a hundred members and friends of Sorosis were present at the delightful dinner and for the excellent program afterwards. Mr. Quast sang several groups of songs after the address of the president, Mrs. T. P. Carter, and the other speeches.

The guests were received by Mrs. Carter, Miss Ellie Traube and Gates Strawn. A delicious supper was served on little tables, at 6:30 o'clock. Following Sorosis traditions, the sons and daughters of the members assisted with the serving. Narcissus and pink roses made the centerpiece. Paraphs, evergreen, candy cups, were given each guest, who found his place by a pretty card.

The gathering was called to order after supper by the president who welcomed the guests with an appropriate short speech. Miss Ellie Traube, the secretary, then read a clever report of the year's work of the club. A simple tribute was paid Dr. Pitner and Mr. B. C. Leubert, whose deaths occurred during the past year, by the president. These two were husbands to two of the oldest and best members of Sorosis. Mrs. Carter explained something of the character of the work Sorosis in the past, telling of its scope and aims for the future.

Mr. Quast of Illinois College Conservatory faculty sang three groups of songs, accompanied by Miss Carrie Dunlap. His program was as follows:

Aria, "Where You Walk," Handel. "Du Bist Sie Eine Blume," Beethoven. "My Lovely Celia," English. "The Time I've Lost in Woe," Ing.

"The Little Bateese," Pierce. "The House of Mummery," Denmore. "Claudia," "Je Vois Bien Vos Mains," "The Maple Tree," all written by Miss Dunlap. "The Little Silver Ring," Chamade, was used as his encore.

Another successful annual meeting of Sorosis has gone on record with last night's event. For committees in charge were, for the program, Mrs. E. Cole, Mrs. J. Weir Elliott, Mrs. Carlton Taylor, and for the supper, Mrs. W. T. Wilson, Miss Eleanor Moore and Miss Carrie Dunlap.

#### SIGMA PI SOCIETY IN REGULAR MEETING

Sigma Pi society held a regular meeting last evening in Beecher Hall. The following program was given:

Declaimers  
Thurmon—"The Curse of Regulus."  
Hart—"The Low Down White."  
Brown—"The Aftermath."  
Burrus—"Her Husband's Dinner Party."

Essayists  
Smith—"Disenchantment."  
Shipley—"His Worth."  
Carter, Whison and Frazer extemporized on "The progress of the Disarmament Conference."

A debate was held on the subject "Resolved, That the Bonus Bill Presented to Congress by the Finance Committee Should be Adopted." The affirmative was upheld by L. P. Ferreira and Antrobus; the negative was upheld by McLean and Cully. The decision was unanimously given the negative and the merits accompanied the decision.

#### ENTERTAINED LADIES AID SOCIETY

The Ladies Aid Society of the Chapel Christian church met in regular session Thursday afternoon at the home of Mrs. J. P. Burdham. Regardless of inclement weather there were ten members present and much work was accomplished. After the work period members enjoyed a social hour in which the hostess served delicious refreshments.

### REV. W. H. MARBACH TALKS TO BROTHERHOOD

State Street Minister Tells Congregational Men About Egypt—Talk Illustrated by Stereopticon.

The Brotherhood of Congregational church met Friday evening for their regular supper and a program by Rev. W. H. Marbach, of State Street church. Eb Spink was host to the members with a duck supper, of which this month's committee, J. P. Lippincott, A. D. Fairbank and C. A. Hall were in charge. The Brotherhood appreciated the treat given them by Mr. Spink.

Rev. Mr. Marbach made an entertaining talk on his trip to Egypt in 1917, which he illustrated with about eighty picture slides of Port Said. The great pyramids, the Suez Canal, the Sphinx, Alexandria and other interesting points in lower Egypt. He described some of his experiences in this different land and gave clear verbal pictures of the people and conditions at that time.

During the business part of the evening it was decided to have the January meeting on Saturday instead of Friday in order to have Dr. Gammon of Chicago as the speaker. Dr. Gammon, who has been here several times, will be the forum talker the 9th of January.

#### BOULEVARD LIGHT IS ON EXHIBITION

The boulevard light to be used on East State street and North Church street in the proposed church go thru, is on exhibit in front of G. A. Selber's on South Main street, and will be lighted at night.

The light is of a very beautiful design, and is of good solid construction, to withstand the elements. Each lamp weighs in the neighborhood of 150 pounds. Some objection was offered at first on the part of the Railway and Light company to the use of the iron poles; they stated that boring holes in them would make them subject to frost and rust, and would greatly weaken them. This objection has been overcome as it has since been found that these lights can be clamped onto the poles.

#### FINE GYMNASIUM EXERCISES AT I. S. D.

Last night four number of exercises in physical training were given in the chapel at the Illinois School for the Deaf. They were "Doll Dance" by little girls; "Reap the Flux" by young girls; "Free Exercises" by older boys; and "Russian Dance" by older boys. All these exercises were accompanied by music. They were remarkable in every respect.

The work done by the boys is highly commendable. It is worthy of note that the physical training at the institution has been in progress only two years. Last night it clearly showed that the boys have made considerable improvement in gymnasium work. These four exercises were taken from Chicago Turnfest, where 1,000 young men exhibited in a mass drill. Miss E. Sollerger directs the boys in physical training. Miss Collins, the girls. These exercises may be presented at the

Editor of the Journal:  
While in Jacksonville a number of days ago, my wife and I attended "Way Down East." That of course is a great picture, but I was wonderfully impressed with the orchestra and I wonder if the people of Jacksonville fully appreciate this organization and the splendid music that it is furnishing.

Everyone loves music but of course those who have studied and understand it can appreciate it all the more. The director is especially fine and the work of the pianist is also exceptional. We have visited many cities and in no place of the size have we heard an orchestra equal to this.

The girls assisting in the dining room included Miss Marie Wiswell, Miss Pauline McMurphy, Miss Eleanor Masters, Miss Aileen Fitch, Miss Helen Bennett, Miss Florence Cox, Miss Dorothy Walls, Miss Blanche Walls, Miss Dorothy Farrell, Miss Georgia Shaver, Miss Gladys Knapp, Miss Wilma Williamson and Miss Ether Davis.

Mrs. Charlotte Brune Is Guest of Honor

Mrs. Charlotte Brune was the guest of honor at a surprise party Thursday evening at her home, 324 East North street, as this was her 75th birthday. A six o'clock supper was served by a group of relatives and a pleasant evening followed. Mrs. Brune has a host of friends in this city as she has lived here for many years.

The guests included Mr. and Mrs. Will Brune and two children, Mrs. Charlotte and Carl; Mr. and Mrs. Herman Brune and two children, Harlan and Byron; Miss Lena Brune, Mrs. Emma Kilian, Miss Laura Brune, Richard and Clarence Ingram, Mr. and Mrs. Hugo Hempel and son, Harold Hempel.

Gave Party in Honor of Their Son

Mr. and Mrs. John Peterson entertained in honor of their son, Clarence Peterson, at the Peacock Inn last evening. The party was held in the blue room of the Inn, with dancing and games as entertainment during the hours from 7 to 10 o'clock. An orchestra furnished the music. Mrs. Peterson was assisted in the entertainment by Miss Mable Peterson, Miss Esther Peterson and Miss Lillian Carter. The list of guests included Misses Charlotte Hull, Margaret Phelps, Alta Crum, Hazel Yeck, Irene and Margaret Stubblefield, Lucille Harber, May and Elizabeth Bailey, Margaret

CANVASS IS NEARLY COMPLETED

The Chamber of Commerce Trade Extension committee has just about finished the canvass of the merchants in the business district with reference to the proposed Christmas decorations. All of the merchants along West State street have been signed up and also all around the square. The finishing touches will be applied to East State street today and Monday. The number of merchants signed up has now reached sixty.

A large part of the decorations to be used has arrived. The evergreen and smilax is here, and the Xmas trees will arrive within a few days. Work will be started on some of the decorating tomorrow, and the whole job will be completed twelve days before Christmas.

SOROSIS HOLDS ANNUAL MEETING

Marked Fifty-Third Year of Existence—Large Number Present at Strawn Home Friday Night for This Event.

The 53rd annual meeting of Sorosis was held at the home of Gates Strawn, on Mound avenue Friday evening. Over a hundred members and friends of Sorosis were present at the delightful dinner and for the excellent program afterwards. Mr. Quast sang several original groups of songs after the address of the president, Mrs. T. P. Carter, and the other speeches.

The guests were received by Mrs. Carter, Miss Ellie Trabue and Gates Strawn. A delicious supper was served on little tables, at 6:30 o'clock. Following Sorosis traditions, the sons and daughters of the members assisted with the serving. Narcissus and pink roses made the centerpiece. Lovely little favors of Japanese parasols over candy cups, were given each guest, who found his place by a pretty card.

The gathering was called to order after supper by the president who welcomed the guests with an appropriate short speech. Miss Ellie Trabue, the secretary, then read a clever report of the year's work of the club. A simple tribute was paid Dr. Pitner and Mr. E. C. Lambert, whose deaths occurred during the past year by the president. These two men were husbands to two of the oldest and best members of Sorosis. Mrs. Carter explained something of the character of the work Sorosis in the past, telling of its scope and aims for the future.

Mr. Quast of Illinois College Conservatory faculty sang three groups of songs, accompanied by Miss Carrie Dunlap. His program was as follows: Aria, "Where You Walk," Handel.

"Du Bist Sie Eine Blume," Beethoven.  
"My Lovely Celia," English.  
"The Time I've Lost in Wooning."  
"The Little Baccare," Pierce.  
"The House of Mummy," Densmore.  
"Claudia,"  
"Je Vois Bien Vos Mains,"  
"The Maple Tree," all written by Miss Dunlap.

"The Little Silver Ring," Chamblaine, was used as his encore. Another successful annual meeting of Sorosis has gone on record with last night's event. The committees in charge were for the program, Mrs. C. E. Cole, Mrs. J. Weir Elliott, and Mrs. Carlton Taylor, and for the supper, Mrs. W. T. Wilson, Miss Eleanor Moore and Miss Carrie Dunlap.

SIGMA PI SOCIETY IN REGULAR MEETING

Sigma Pi society held a regular meeting last evening in Beecher Hall. The following program was given:

**Declaimers**  
Thurmon—"The Curse of Regulus."  
Hilatt—"The Low Down White."

**Readers**  
Brown—"The Aftermath."  
Burrus—"Her Husband's Dinner Party."

**Essayists**  
Smith—"Disarmament."  
Shipley—"His Worth."  
Carter, Wilson and Frazer extemporized on "The progress of the Disarmament Conference." A debate was held on the subject "Resolved, That the Bonus Bill Presented to Congress by the Finance Committee Should be Adopted." The affirmative was upheld by L. P. Ferreira and Antrobus; the negative was upheld by Melton and Cully. The decision was unanimously given the negative and the merits accompanied the decision.

ENTERTAINED LADIES

The Ladies Aid Society of the Chapel Christian church met in regular session Thursday afternoon at the home of Mrs. J. F. Burnham. Regardless of inclement weather there were ten members present and much work was accomplished. After the work period members enjoyed a social hour in which the hostess served delicious refreshments.

REV. W. H. MARBACH TALKS TO BROTHERHOOD

State Street Minister Tells Congregational Men About Egypt—Talk Illustrated by Stereopticon.

The BBrotherhood of Congregational church met Friday evening for their regular supper and a program by Rev. W. H. Marbach, of State Street church. Eb Spink was host to the members with a duck supper, of which this month's committee, J. P. Lippincott, A. D. Fairbank and C. A. Hall were in charge. The Brotherhood appreciated the treat given them by Mr. Spink.

Rev. Mr. Marbach made an entertaining talk on his trip to Egypt, in 1913, which he illustrated with about eighty picture slides of Port Said. The great pyramids, the Suez Canal, the Sphinx, Alexandria and other interesting points in lower Egypt. He described some of his experiences in this different land and gave clear verbal pictures of the people and conditions at that time.

During the business part of the evening it was decided to have the January meeting on Saturday instead of Friday in order to have Dr. Gammon of Chicago as the speaker. Dr. Gammon, who has been here several times, will be the forum talker the 9th of January.

BOULEVARD LIGHT IS ON EXHIBITION

The boulevard light to be used on East State street and North Church street if the proposed plans go thru, is on exhibit in front of G. A. Seiber's on South Main street, and will be lighted at night.

The light is of a very beautiful design, and is of good solid construction, to withstand the elements. Each lamp weighs in the neighborhood of 150 pounds. Some objection was offered at first on the part of the Railway and Light company to the use of the iron poles, as they stated that boring holes in them would make them subject to frost and rust, and would greatly weaken them. This objection has been overcome as it has since been found that these lights can be clamped onto the poles.

ALEXANDER

The Woman's Foreign Missionary society of the M. E. church had their regular meeting Thursday afternoon at the church. The rain kept many of the members away so no set program was followed. A social hour and refreshments followed the business. Mrs. R. L. McCall, Mrs. N. T. Morrow and Mrs. N. L. Saffer were hostesses for this month's meeting.

Mr. and Mrs. Joseph Ryman of the Arcadia neighborhood visited friends in Alexander Wednesday.

**FINE GYMNASIUM EXERCISES AT I. S. D.**  
Last night four number of exercises in physical training were given in the chapel at the Illinois School for the Deaf. They were "Doll Dance" by little girls; "Reap the Flax," by young girls; "Free Exercises," by older boys, and "Russian Dance," by older boys. All these exercises were accompanied by music. They were remarkable in every respect. The work done by the boys is highly commendable. It is worthy of note that the physical training at the institution has been in progress only two years. Last night it clearly showed that the boys have made considerable improvement in gymnasium work. These free exercises were taken from Chicago Turnfest, where 1,000 young men exhibited in a mass drill. Miss E. Sollerger directs the boys in physical training. Miss Collins, the girls. These exercises may be presented at the

Editor of the Journal: While in Jacksonville a number of days ago, my wife and I attended "Way Down East." That of course is a great picture, but I was wonderfully impressed with the people of Jacksonville fully appreciate this organization and the splendid music that it is furnishing. Everyone loves music but of course those who have studied and understand it can appreciate it all the more. The director is especially fine and the work of the pianist is also exceptional. We have visited many cities and in no place of the size have we heard an orchestra equal to this. H. K. B., Indianapolis, Ind.

## GIVES SYNOPSIS OF REVENUE CHANGES

W. W. Schwarzer, Internal Collector of Illinois, Sends Out List of Changes for Information of Public.

On November 23, President Harding signed the bill previously passed by Congress and known as the Revenue Act of 1921. Under the law, certain classes of taxation will be discontinued on and after January 1, 1922, while other provisions of the Act become effective upon its approval by the President or are retroactive to January 1, 1921. The following synopsis is intended to inform the public in a general way as to the changes effective in passing from the Revenue Act of 1918 to the Revenue Act of 1921.

**Income Tax, Individual.** The rates of normal tax and surtax on incomes of individuals for the year 1921 are the same as under the old law. Beginning with the year 1922, surtax rates are reduced and are in the form of a graduated scale, while the normal tax rates continue without change.

Under the new law, all unmarried persons having a net income of \$1,000 or more, and all married persons living with husband or wife having a net income of \$2,000 or more are required to file a return; there is also added the provision that all persons having a gross income of \$5,000 or more (regardless of the amount of net income) are required to file a return.

The principal relief under this phase of the law is noted in the personal exemption paragraph. This provides for no change as to the unmarried person who is not the head of a family, but a married person living with husband or wife or an unmarried person who is the head of a family, as defined in the law, is allowed \$2,500 exemption, provided that, in the case of husband and wife, where the combined net income exceeds \$5,000, the total exemption shall be \$2,000. Persons having dependents under eighteen years of age or over eighteen, if incapacitated for self-support, are allowed an additional exemption of \$400 for each person instead of \$200 as under the old law.

Under the new law rental value of houses furnished ministers of the gospel is not to be included as income; also, the total expense of a person traveling in pursuit of a trade or business is an allowable deduction from gross income.

**Income Tax, Corporation.** For the year 1921, there is no change as to income and excess profits tax on corporations. Beginning with January 1, 1922, the corporation normal tax rate is 12 1/2 per cent and the excess profits tax is discontinued. The specific exemption of \$2,000 allowed corporations is limited to those having a net income not in excess of \$25,000.

While the law governing partnerships and personal service corporations operates the same for 1921 as in prior years, after January 1, 1922, personal service corporations will be taxed as any other corporations.

**Estate Tax.** Title IV of the new Act relating to tax on estates of deceased persons became effective immediately after the signing of the bill by the President. The rates of tax applicable to estates are unchanged, but there are several minor changes in the administration of the law concerning which executors and administrators may become informed as the need may require.

**Transportation Tax.** The tax on passenger, express and freight transportation, on automobiles and herbage, and on transportation of oil by pipe line will be discontinued at midnight December 31, 1921. The tax on telegraph and telephone messages remains in the old law.

**Beverage Tax.** Probably one of the most welcome changes occurs in the repeal of the beverage tax, effective January 1, 1922. No tax will thereafter be collected from the

public on the sale of ice cream and soft drinks. However, a tax of 2c per gallon is imposed on the manufacturer, producer, or importer of mineral waters which sell for more than 12 1/2c per gallon and on all cereal beverages, still drinks and unfertilized grape juice. A tax of 9c per gallon is imposed on the manufacturer on all finished or fountain syrups used in soft drinks except syrups used in carbonated beverages sold in closed containers when the tax is 5c per gallon. A tax of 4c per pound is levied on manufacturers of carbonic acid gas. A very important feature is that which requires taxpayers under this section to secure from the Collector and post in his place of business a certificate of registry.

There is no change as to the manufacturer's tax on automobile parts, accessories, tires, cameras, films, gramophones, etc. The rate of tax on manufacturers of candy is reduced from 5 per cent to 3 per cent. A tax of 5 per cent is levied on the manufacturer, producer or importer on carpets, rugs, trunks, valises, traveling bags, purses, lighting fixtures and fans, and the tax which is in excess of certain stated amounts. The dealer's excise tax on shoes, millinery, wearing apparel, etc., commonly known as luxury tax will be discontinued at the close of business December 31, 1921. The jewelry tax of 5 per cent is unchanged except that no tax will be levied on the sale of eye glasses and spectacles.

**Admission Tax.** The rate of tax on admissions is the same except that a charge of 10c or less for admission to any place is not taxable. The American Legion and several other classes of organizations are given exemption as to the collection of this tax. The tax on dues is unchanged.

**Cigars and Tobacco.** The provisions of the law relating to manufacturers of cigars and tobacco and the tax to be collected on cigars and tobacco are identical with those of the Act of 1918.

**Occupational Taxes.** There is no change in the rates of tax imposed on brokers, proprietors of theaters, circuses, public exhibitions, bowling alleys, billiard rooms, shooting galleries, racing academies or persons carrying on a business of operating or renting passenger automobiles for hire. Only pleasure boats of over five net tons and over thirty-two feet in length are subject to tax under the new law.

**Stamp Taxes.** All taxes evidenced by the use of documentary stamps continue as provided in the former Revenue Act except in two instances.

On and after January 1, 1922, no tax attaches to a bond of surety or indemnity nor on parcel post packages.

With reference to proprietary stamps, the tax on medicinal preparations, toilet articles and perfumes will be discontinued after midnight December 31, 1921.

Taxpayers are now familiar with the revenue law which has been in effect the past three years. In order that there may be no confusion or serious errors made in filing returns and paying tax under the new law, every person concerned should preserve the information given above for future reference.

William Zahn was an arrival in the city yesterday from Concord.
